Carey Electric Gets Contract for Wiring of Public Parking Area

Village Board in Special Meeting Approved Deal With Township on Lot

The Carey Electric and Plumbing Co. of Antioch was awarded the contract of wiring the public parking lot on Broadway by the Village Board of Trustees in a special meeting yesterday morning.

The bid was \$200 in part underground and part overhead wiring.

John Blackman, chairman of the street and lighting committee said that there will be three clusters of lights on each of the six poles around the lot. The committee decided to increase the amperage from 60 to 100 to supply better service and to provide wiring for extension of services west to the park area.

In other business the board gave its official approval to the transaction by which the village will exchange lot 3 in Sequoia Acres to Antioch township for grading and fill services on an adjoining lot and on the new roadway leading to Rte. 173 on the east side of Sequoia Acres.

Because Village Atty. E. C. Jacobs is in Canada on vacation, the legal aspects of the transaction must be completed later. The board, however, decided to give Atty. Jacobs the power to go ahead with the contract so that the township will be able to erect a garage there for its equipment before winter sets in, and to help the village get its roadway in condition.

The board will meet next Tuesday to let the contract either for a new squad car or a contract for squad car rental.

There is a probability that the hiring of an engineer and a street superintendent will come up for action at that time.

Funeral Friday For Edward S. Gliniecki, Lake Villa Druggist

Funeral services will be held tomorrow for Edward S. Gliniecki, 49, of Grand Avenue, Lake Villa, who died Tuesday at St. Therese hospital in Waukegan.

Services will be held from the home on Grand Avenue near Cleveland street at 9:30 a.m. to the Prince of Peace church, Lake Villa.

Burial will be in St. Joseph cemetery, River Grove, Ill.

Mr. Gliniecki was a registered pharmacist in Lake Villa.

Surviving are his widow, Margaret Greisch Gliniecki, a son, E. J., of Palmer Park, Md., a daughter, Marilyn Lee Fontana of Grayslake; his mother, May Fleet Gliniecki; a brother, Arthur F., and a sister, Lorraine O'Rourke, and three grandchildren.

Mrs. Guenther Upped To Group Chief for Phone Company Here

Mrs. Alice Guenther recently was promoted to group chief operator at Illinois Bell Telephone company here.

In her new position Mrs. Guenther will be responsible for a portion of the administrative and personnel matters pertaining to the operation of the office under the supervision of Mrs. Ruth Tidmarsh, chief operator.

Prior to transferring to Antioch in 1952, Mrs. Guenther had held various positions with Illinois Bell in the Chicago area. She was supervisor here before her promotion.

Her promotion is effective June 8. Mrs. Guenther and her husband, George, live at Bristol, Wis.

In her leisure time, Mrs. Guenther enjoys making jewelry and sewing.

Display Flags Saturday—It's Flag Day

Saturday will be Flag Day. That will be a day when that flag that perhaps was flown on Memorial Day, again will be unwrapped and put on display.

Despite this notification there will be those who, upon seeing the flag out Saturday, will blink and try to recall what the day is.

W. V. Lahti, Americanism officer, for the Legion, has recommended a few do's and a few don'ts in displaying the flag. They are:

When the flag is suspended outside, the field is to the north or east; when on the inside, the field is on the flag's own right.

Show proper respect for the flag in parades by civilians removing hats and placing over the heart when the flag passes by.

Don't fly the flag upside down

Additional Rains Dispell Drought, Aid Crops, Pasture

Additional rain last weekend brought to 2.4 inches the amount for June and gave much needed nourishment to the crops.

There is still a big deficiency for the year, according to the records of Roy Kufalk, cooperative weather observer. Up to June 1 there were only 5.84 inches for the first five months of the year in contrast to 16.26 in 1957, 10.66 in 1956, and 10.12 inches in 1955.

The big snowball in January melted slowly and soaked the ground, so that the big deficiency in February and March (.22 and .35 inch) were not so damaging.

The rainfall of 2.03 in April and 1.74 inches in May were much less than normal and less than needed, and set the stage for the drought, which ended with the June rains.

The drought brought damage to some early planted corn and soybeans that cannot be repaired.

Pastures are greatly improved, and gardens are coming along satisfactorily.

County to Vote Nov. 4 On Bond Issue For New Court Building

If Defeated Building Can Be Built Unit at a Time, Yearly

Antioch and Lake Villa townships along with the rest of Lake county will vote on Nov. 4 on the proposal to issue bonds to construct a new county court house.

The Board of Supervisors voted 26 to 3 to hold the referendum, saying that the bond issue, if approved as a procedure, would mean that construction would start next year.

If the proposal to issue bonds fails, then the Board will proceed to construct the court house through regular tax income a unit at a time surrounding the present building.

Assist. Supervisor Frank B. Peers, Deerfield, said the Board intends to erect the building and it is only a question whether it will be built at once, or through a delaying way of a unit at a time each year.

The modern one-story buildings, designed by Graham, Anderson, Probst and White, Chicago, consolidates the Crystal Lake area operations and will provide needed space for expansion of the Company's operations in the Lake region to keep pace with the growing demands for service from customers, according to Clem Jones, local district manager for the utility. He said the new headquarters will not affect present operations at the reporting centers in Lake Villa and Belvidere.

The main building, comprising about 8,500 square feet, will house the administrative, sales, customer service, operating, cashiering and meter offices. The service building, with an area of about 5,700 square feet, will contain the vehicle maintenance and shop facilities. The third building, comprising 6,000 square feet, will include a store-room, boiler room, and locker room facilities.

Charles C. Ramm, 62, Sycamore, Ill., died at 12:15 a.m. on Friday, June 6, in Victory Memorial Hospital, after two months' illness.

Mr. Ramm was born November 7, 1895, in Rutland Twp., Kane County, Ill., and lived there until moving to Sycamore in 1950. Mr. and Mrs. Ramm came to Antioch a month ago to be with their daughter, Mrs. Cora Schafer. Their two sons were able to get home on leave three weeks ago to see their father before his death.

Mr. Ramm was a member of the Plato Center Methodist Church and the Sycamore Moose Lodge and had been employed at Nehrung Electric Co., DeKalb, Ill.

He is survived by his widow, Florence; two sons, M/Sgt. Charles Ramm, Jr., with the Air Force in the Philippines, and T/Sgt. Jack Ramm, of Plattsburgh, New York; one daughter, Mrs. Cora Schafer, Grass Lake; brother, Albert Ramm of Hampshire, Ill., and eight grandchildren.

Services were held at 1 p.m. Monday at Strang's Funeral Home, with the Rev. Wallace Anderson of the Antioch Methodist Church officiating. Interment was in Lily Lake cemetery.

Second Barn Dance of St. Patrick's June 14

The second annual barn dance will be held Saturday at Martindale Farm in Wadsworth. It will be sponsored by the West Guild of St. Patrick's parish with Mrs. Julius Monge, Mrs. A. T. Dooley and Mrs. Helen Crenshaw as general chairmen, and is given for the benefit of the new St. Patrick's school.

Clarence Sorenson's orchestra will play and Don Adams will be the caller. Refreshments will be available and prizes will be given. There is ample parking facilities on the grounds.

Cottons and jeans may be worn and dancing will be from 9 p.m. to 1 a.m. Tickets may be purchased at the door.

Sixty-five are enrolled in the Vacation Bible School at the Antioch Methodist Church.

except as a distress signal.

Don't fly the flag at half mast until first bringing it to full mast.

Don't use the flag as decoration for advertising, etc.

Don't allow the flag to touch the ground.

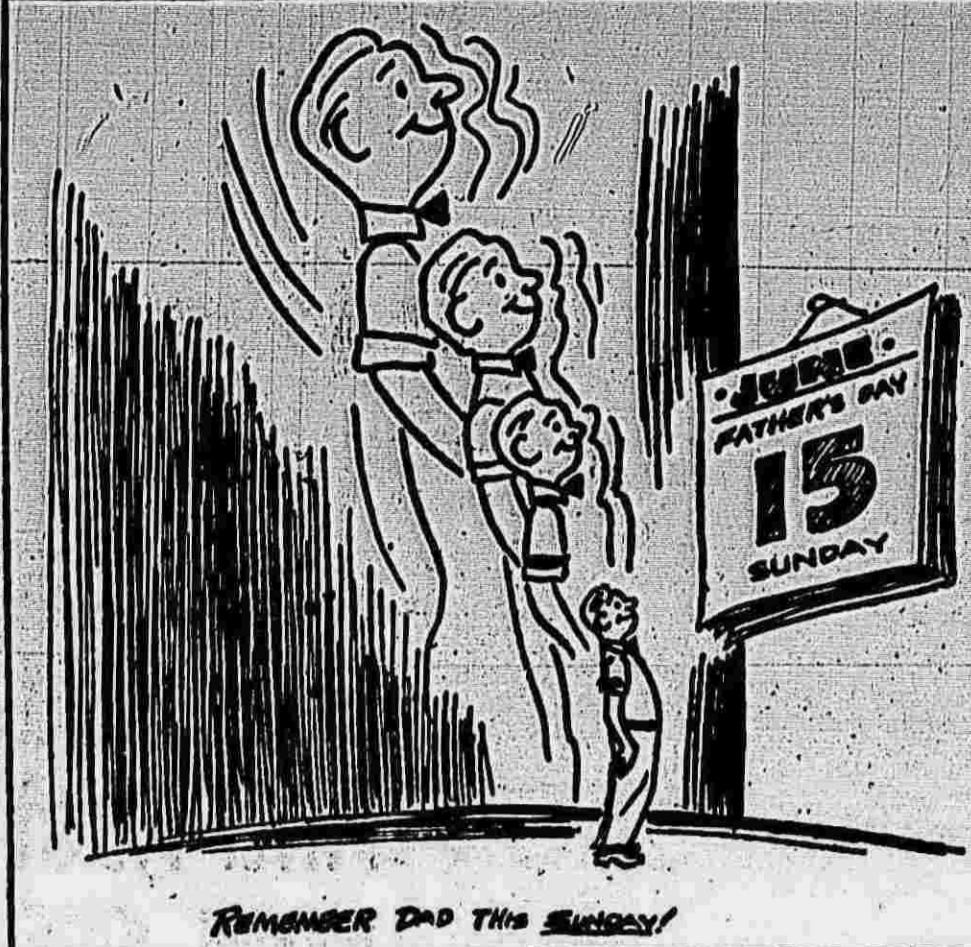

Don't allow the flag to be flown after it has become tattered and torn.

General Washington when the Star-Spangled Banner was first flown at the head of the Continental army, described its symbolism as follows:

We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

The Good Kind Of Inflation

N.I.G.C. Headquarters At Crystal Lake Not To Affect Lake Villa

Construction of Northern Illinois Gas Company's new gas air conditioned district headquarters on an 8-acre site on Terra Cotta Ave. (Route 176) east of Oak Street in Crystal Lake is expected to be started some time during the late summer and will be completed about a year thereafter.

The modern one-story buildings, designed by Graham, Anderson, Probst and White, Chicago, consolidates the Crystal Lake area operations and will provide needed space for expansion of the Company's operations in the Lake region to keep pace with the growing demands for service from customers, according to Clem Jones, local district manager for the utility. He said the new headquarters will not affect present operations at the reporting centers in Lake Villa and Belvidere.

The main building, comprising about 8,500 square feet, will house the administrative, sales, customer service, operating, cashiering and meter offices. The service building, with an area of about 5,700 square feet, will contain the vehicle maintenance and shop facilities. The third building, comprising 6,000 square feet, will include a store-room, boiler room, and locker room facilities.

The Little League went into its second week schedule with the scores of the games appearing like football had come early this year.

On Thursday, the Sox defeated the Giants 20 to 0, and on Friday, the Tigers beat the Cubs 17 to 5.

Things got back to normal this week when the Sox defeated the Yanks 6 to 0.

Mothers of the boys who are on teams are asked by the management to contact the manager of the team on which their sons play. The league is in dire need of help in the refreshment stand on nights of games. This is one of the main means of revenue to support the league program.

On Friday night the Sox will play the Tigers. The standing at present is:

Charles C. Ramm, 62, Sycamore, Ill., died at 12:15 a.m. on Friday, June 6, in Victory Memorial Hospital, after two months' illness.

Mr. Ramm was born November 7, 1895, in Rutland Twp., Kane County, Ill., and lived there until moving to Sycamore in 1950. Mr. and Mrs. Ramm came to Antioch a month ago to be with their daughter, Mrs. Cora Schafer. Their two sons were able to get home on leave three weeks ago to see their father before his death.

Mr. Ramm was a member of the Plato Center Methodist Church and the Sycamore Moose Lodge and had been employed at Nehrung Electric Co., DeKalb, Ill.

He is survived by his widow, Florence; two sons, M/Sgt. Charles Ramm, Jr., with the Air Force in the Philippines, and T/Sgt. Jack Ramm, of Plattsburgh, New York; one daughter, Mrs. Cora Schafer, Grass Lake; brother, Albert Ramm of Hampshire, Ill., and eight grandchildren.

Services were held at 1 p.m. Monday at Strang's Funeral Home, with the Rev. Wallace Anderson of the Antioch Methodist Church officiating. Interment was in Lily Lake cemetery.

Sub-Committees of Citizens Advisory Group Dealing With Antioch High School Expansion Problems Will Report Next Wednesday Evening

LaBrose Selected as Most Valuable Player By Baseball Squad

Bernie LaBrose was named the most valuable player and Pat Roach, honorary captain for the 1958 baseball season by their teammates at Antioch Township High School.

Roach, Elvin Meyer, Richard Jonas, and Pete Zalatoris, seniors lost through graduation, wore monograms in varsity play. Juniors Russ Cote and Bill Jarvis, and sophomores Dick Gudgeon, Bernie LaBrose, Don Pyles, Chip Eberman, and Ken Stepien, also won the monograms.

As varsity managers, Marshall Nelson won a sophomore monogram and Harold Young, freshman numerals, Coach Larry Leon announced.

In tying for second place in the conference the Antioch team won 7 and lost 5 games. Her all-season record was 10 victories and 8 losses.

Don Pyles led the team batting with a .340 average with Bill Jarvis, a close second .340. Pat Roach batted .327. Chuck Schutts' .365 was for 11 times at bat only.

LaBrose was the outstanding pitcher, having won eight and lost five. He pitched 83 1/3 innings, allowing 94 hits, three of which were home runs and striking out 99. Don Pyles pitched 15 innings, allowing 20 hits and 23 bases on balls. He won one and lost three. Zalatoris pitched 12 2/3 innings, allowed 11 hits, gave 5 bases on balls.

The high school has reached its capacity so far as building is concerned. What direction the school board shall take to meet future needs will be recommended by the general committee of 40 members on the basis of the sub-committee recommendations and reports.

The committees and the offices each has chosen are as follows:

Finance—William J. Anderson, Columbia Bay dr., Lake Villa, chairman; John G. Fath, Lake Villa, secretary.

Enrollment trends—Sven Osterlund, R. F. D. 2, Kenosha, Wis. (State Line road, Antioch) chairman; Wilma Gibbs, 688 Main st., Antioch, secretary.

Building inspection—B. J. Hooper, Lake Villa, chairman; R. F. Duha, Lake Bluff, Antioch, secretary.

Faculty-board suggestions—Dr. Richard A. Ripley, Antioch, chairman; Mrs. Lucile Kuechenmeister, 1026 Bishop st., secretary.

State Recommendation—Robert McLelland, Lindenhurst, chairman; Mrs. Walter Schley, Antioch, secretary.

It is expected that with the completion of the sub-committee reports, the general committee will draft its recommendations for the board of education in late summer or early autumn.

Telephone Office Will Move to Main Street; Art's Paint Expands

The Illinois Bell Telephone Co. will on June 28 move its business office from 404 Lake st., to the building on Main street vacated by Barnstable and Brogan, and will be open for business there June 30.

The room vacated by the company on Lake street will

Sharing Risks and Rewards

Who owns the corporations of this country? The butcher, the baker and the candlestick maker own them! In other words, modern American capitalists come from all walks of life.

Take, for instance, a report concerning the stockholders of one of our leading manufacturing corporations. About half a million people own shares in it. One is a schoolteacher. Another a grocery boy. Another is a girl newspaper reporter. Another is a welder. Another is an infant. Another is a company employee. Another is a college professor. Another is a clergyman. Another is a pensioner. So it goes down a list of just about every craft, profession and calling.

This company is not unique. It is, instead, typical. Some 10 million Americans have invested directly in our corporations, by buying stock. And two-thirds of all the shareholders are in the under-\$7500 income bracket—which certainly disposes of the idea that share-ownership is the province of bloated plutocrats.

That doesn't end the story. Another 100 million people own shares indirectly, through insurance policies, savings accounts, pension plans, and so on.

What has happened is that American capitalism has become a "people's capitalism". This is the only country on earth where the average family has the means and can become a partner in great enterprises and profit when and if these enterprises profit. The many—not just a few—share the risks and rewards of ownership.

*** * *****What Goes Up Comes Down**

Retailing is an enterprise which is highly sensitive to economic change. Ups and downs in the cycle are quickly felt in the stores.

Some views expressed by the head of one of the biggest American department stores are of particular interest now. He sees the situation this way: "In the world of economics, as in the natural world, what goes up, comes down. . . Somewhere along the line business must level off, must pause to consolidate its gain, must even fall back a bit in order to correct any excesses."

"And while it is naive to think that prosperity is never ending, it is equally foolish to despair at the slightest setback. Because, just as good times cannot last forever, harder times are always temporary, too."

"And perhaps even sillier than faith in good times forever, is the belief that the economic life of a nation can be managed . . . that the peaks and valleys can be completely leveled off."

"Those who believe that government can 'outlaw' fundamental economic laws and can legislate 'corrective measures' are deluding themselves. The idea of legislating the economic law of supply and demand is hogwash."

In modern times we have seen all manner of governmental efforts to apply such "corrective measures", including price controls and other economic strait jackets—and these efforts have almost invariably produced worse problems than those they were designed to cure. The hope is that we will profit from this experience, and not push the "panic button" again.

*** * *****Taxes as a Gag**

The Internal Revenue Service has ruled that certain institutional advertising conducted by electric utility companies cannot be considered a legitimate business expense in making out income tax returns.

Channel Lake NotesLois Ward, Correspondent
Telephone Antioch 983-M

Vern Heath is home and feeling fine after his second trip to the hospital.

Mr. and Mrs. Thomas Chase are the parents of a son, Paul George, born June 3 in Woodstock hospital. He weighed in at 6 lbs. 1½ oz. The Chases have a girl, 27 months old.

Birthdays for the month are Paul T. Zeien, Sr., 77 on June 10, Betty Reynolds, one year on June 13, Betsy McKinney, also one, Mrs. Frozeth and Barbara Bjork, all on June 14. Mr. and Mrs. Elmer Meierdick also have a wedding anniversary on Saturday.

Marilyn Dowell, Woodbine avenue, and Ray Edwards of Grass Lake will be united in marriage at 3 o'clock Saturday at the Millburn Congregational church.

Mrs. Irwin W. Harland, of Canoga Park, California, a former resident of Channel Lake, was visiting her son Richard, and his family last week. Mr. Harland is a past president of the Community club.

The Channel Lake Community club met Tuesday evening, June 10, in the grade school basement. Final touches to arrangements for the carnival, to be held June 21 and 22, were the main topics of discussion.

Mrs. Lois Ward, leader of Brownie Troop No. 74, is serving this week June 9-13 as a unit leader at the Brownie day camp, Camp Hastings. Viola Ward and Carla Reynolds are the brownies attending from Channel Lake, and all are reported to be having a wonderful time.

Thomas Brett, Petty Officer 2/c, son of Mrs. Frank Brett of the Bluffs Subd., is home on a 30 day leave from San Diego, where he is stationed with the navy.

Mr. and Mrs. Nicholas Zeien, Mrs. Paul Zeien, Jr., and children, Mrs. Grace Ganzer and children and Mr. and Mrs. Jack Wells attended the wedding in Chicago Saturday of Thomas O'Farrell and Miss Joan Michaels. Mrs. T. J. O'Farrell, mother of the bridegroom, is the former Mae Zeien.

Thank You

I wish to thank the many friends who sent me cards and gifts during the time I was hospitalized.

Eleanor Kufalk

This advertising, for the most part, presents the private enterprise side of the public-vs-private power controversy. One affected company has taken the matter to court.

Newspapers and publishers' organizations throughout the country have protested the ruling in forthright terms. Most of these protests make the significant point that the position of the Internal Revenue Service goes far beyond whether government or private enterprise is to produce and sell us electricity. The very foundation of freedom is at issue.

The Moline, Illinois, Daily Dispatch, sees the matter this way: "The dangers inherent in the Internal Revenue ruling are obvious and multiple. The ruling robs private enterprise of one of its principal forums, or at the very least, limits that forum in effectiveness. The ruling also attempts to draw a very fine line between 'allowable' and 'disallowable' advertising expenditures which would be hard to discern and easy to violate. The ruling can penalize any industry or profession, which so attempts to get its story across to the public. But, even worse than all these possible effects, the ruling can deprive the public itself of one of its major sources of information and impair its ability to judge for itself both sides of a controversy involving private businesses."

"U. S. taxes must never be used as a gag."

Freedom of speech and freedom of communication will lose most of their meaning if, in exercising them, any group is forced to pay a tax penalty. And, if this can be done to one group, it can be done to any other. This is the true significance of the Internal Revenue ruling.

*** * *****Race Between Education and Catastrophe**

Nothing breeds suspicion and misunderstanding more surely than ignorance. The man who lives in isolation from the world around him is the man who is the first to believe the worst of others. For instance, it has been a cornerstone of Soviet policy to keep communism's captive people almost totally isolated from the non-communist world. This is necessary if ceaseless communist propaganda predicated on the "big lie" principle, is to be effective.

Some time ago the International Air Transport Association met in New York. In an address of welcome, Juan T. Trippe, president of Pan American World Airways, said this: "Mass travel by air may prove to be more significant to world destiny than the atom bomb. For there can be no atom bomb potentially more powerful than the air tourist, charged with curiosity, enthusiasm and good will, who can roam the four corners of the world, meeting in friendship and understanding the people of other nations and races."

"The tourist plane and the bomber for years have been racing each other toward a photo finish. In my opinion, however, the tourist plane, if allowed to move forward unshackled by political boundaries and economic restrictions, will win this race between education and catastrophe."

Millions of individuals now go to other lands by air—swiftly and economically. The volume of traffic soars each year. This amounts to mass education on a scale unprecedented in the history of the world. Never have people had such an opportunity to know each other and to learn and profit from each other. Out of this, one may hope, will come an age when the bomber, the missile, and the nuclear rocket will be found only in museums.

*** * *****When You Can Call Your Money Your Own**

This year, Tax Freedom Day fell on May 13. It bears that name because it was the first day of the year on which you could call the money you earned your own.

Here's the story. Estimates say the personal income of everyone in this country will come to \$350 billion in 1958. The Federal, state and local tax bill will add up to \$125 billion—36 per cent. So, on the average, each of us must work 133 days to pay the cost of government before there is anything left for ourselves.

Rules of the Road**Pedestrian Duties**

Pedestrians must obey all traffic regulations and signals.

Pedestrians must not cross the street between intersections, or in the middle of the block. When they do, they yield the right-of-way to all moving vehicles—and they may lose their life!

Wait on the sidewalk—not in the street—for the light to turn green.

It is against the law to walk on the highway if there is a sidewalk, and you must face the traffic approaching from the opposite direction.

It is against Illinois law to stand on the highway for the purpose of soliciting a ride from the driver on any vehicle. No hitch-hiking.

Do not step into the street from between or behind parked cars.

After alighting from a bus or street car, wait and cross the street behind it. Do not cross in front of it!

Pedestrian Walk Light—Pedestrians facing such a signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

Pedestrian Wait Light—No pedestrian shall start to cross the road-

way in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the wait signal is showing.

When walking on the street or highway at night, wear light colored clothing that will reflect light—or carry a light.

Remember—when you step out of your automobile you are a pedestrian! Don't enter or alight from a motor vehicle on the street side.

Pedestrian Rights

Pedestrians crossing a street or highway in compliance with the law at a crosswalk or an intersection—whether marked or unmarked—have the right-of-way over all vehicles.

Where stop signs or flashing red signals are in place at an intersection, or at a plainly marked crosswalk between intersections, the drivers of all vehicles must stop before entering the nearest crosswalk and yield the right-of-way to any pedestrian within or entering the

crosswalk from either side of the street or highway. The drivers of such vehicles having so yielded the right-of-way must also yield the right-of-way to any pedestrians within any other crosswalk at such intersection.

fast moving stream of traffic. Children are a driving hazard that no road sign or traffic signal can possibly control. There is only one safe rule to follow: Always Be Alert for children.

Human Stop Signs

Any blind person carrying a cane in a raised or extended position, or being guided by a dog, shall have the right of way in crossing any street or highway whether or not traffic is controlled by traffic signals. The driver of a vehicle must come to a full stop and take such precautions as may be necessary to avoid injury to the blind person. (Uniform Act Regulating Traffic on Highways Art. X, Sec. 75a).

Human Caution Signs

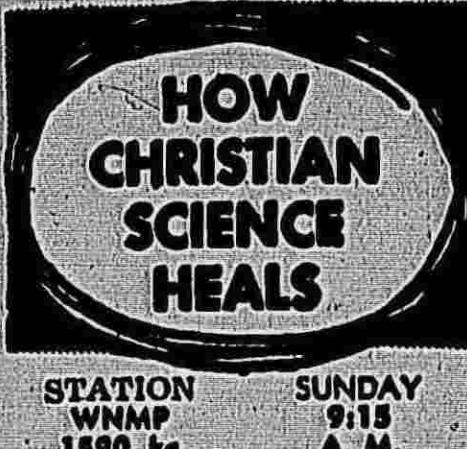

A cherished ball rolls out onto a street, closely pursued by its pint-sized owner. Some of the most exciting races in history are run on the way to and from school, often past the safety of the sidewalk. And hopscotch boxes are nearly always drawn only a laugh away from a

fast moving stream of traffic. Children are a driving hazard that no road sign or traffic signal can possibly control. There is only one safe rule to follow: Always Be Alert for children.

Thank You

We wish to thank all our friends, relatives and neighbors for all their many acts of kindness because of the loss of our dear wife and mother.

109 on Antioch High Semester Honor Roll, Nine Perfect Grades

Nine students at Antioch Township High School had perfect grades for the second semester the honor roll just released shows, but not one was a senior. It probably was the first time in the four years that none of that class got a 20-point grade. Juniors who got the high rating were Brian Cain, Mary Lou Gelst, and Sonya Pickus; sophomores were Joanne Masek, and William Nerud; and freshmen, Brian Elliott, Susan Owens, Emily Reichenbach, and Gary Richter.

A total of 109 made the honor roll for the semester. They are: SENIORS—Joel Armstrong, Cathy Arndt, Sue Carol Barnstable, James Berke, Joan Burton, Larry Dewar, Frank Ferdon, Mary Forbrich, Robert Gable, Donna Gibbs, Dorothy Jach, Richard Jonas.

Richard Kopecky, David Mitchell, Sharon Ott, Judith Pyles, Karen Renner, Gwen Royer, Tom Samhamel, Maureen Smith, Nancy Wetterberg, Lois Wohlfel, Paula Zelen, Judith Zellbor.

JUNIORS—Steven Aschenbrenner, Bryan Cain, Robert Carlson, Elaine Christensen, Mary Lou Geist, Linda Hollocher, Faye Mann, Diane Mantis, Sandra Mayer, Sonya Pickus, Cleon Schley, Forrest Stahmer, Carolyn Stoffel, Robert White, Donna Winstead, Barbara Yates.

SOPHOMORES—

Sharon Berke, Norma Brown, Patricia Byrne, Sharon Dittman, Elmer Eberman, Irene Ehrhardt, Judy Fath, Sharon Gibbs, Trudy Good, Ronald Hansen, Karen Horton, Janice Hughes, Marie Jasien, Vivian Kandi, Henry Kubicki, Russell Lasco.

George Mantis, Joanne Masek, Deanna Meierdirk, Melody Midgley, Nancy Nemec, William Nerud, Elaine Ozga, Barbara Poulsen, Jean Rentner, Susan Romer, Nancy Scott, Joanne Seekatz, Danette Stratton, George Sturm, Karen Tasker, Carolyn Westburg.

FRESHMEN—Jill Anderson, Dale Armstrong, Gayle Augsberger, Charlene Bogaberger, William Bonner, Donald Breusch, Charles Bruhn, Pamela Drucker, Brian Elliott, Lynne Freels.

Lorraine Gibbons, Carole Gundelach, Donald Heidner, Leslie Herbst, Lester Hribar, Diane Jaros, Lance Keisler, Sharon Langbein, Georgeanne Lathom, Edward Martin, Michaelene Milowski, Margo Ott, Susan Owens, James Prosiere, Emily Reichenbach, Gary Richter, Annette Royer, Carolyn Schissler, Evelyn Schroeder, Donna Shewan, Dee Stillson, Sandra Sorwell, Eugene Thiele, Frederick Thies, Susan Uedell, Connie Van Noy, and Pat Wood.

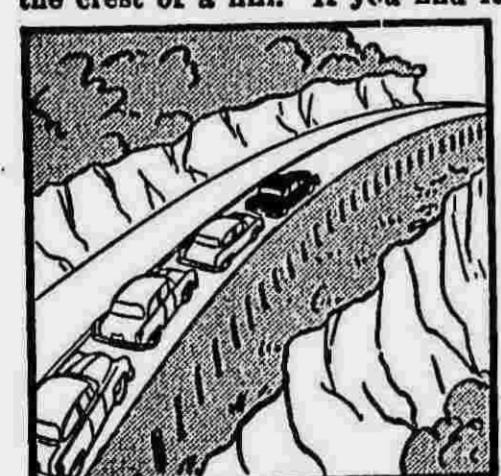

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

One open highway hazard is the hillcrest. There is no way of knowing what traffic conditions exist beyond the top.

Hidden by the hillcrest may be a car stopped on the roadway on the downgrade. Perhaps an approaching driver is using your lane to foolishly pass another vehicle. Or maybe wreckage from a recent collision is strewn over the highway.

One of the very basic rules of the road is not to cross the center line to pass another vehicle near the crest of a hill. If you find it

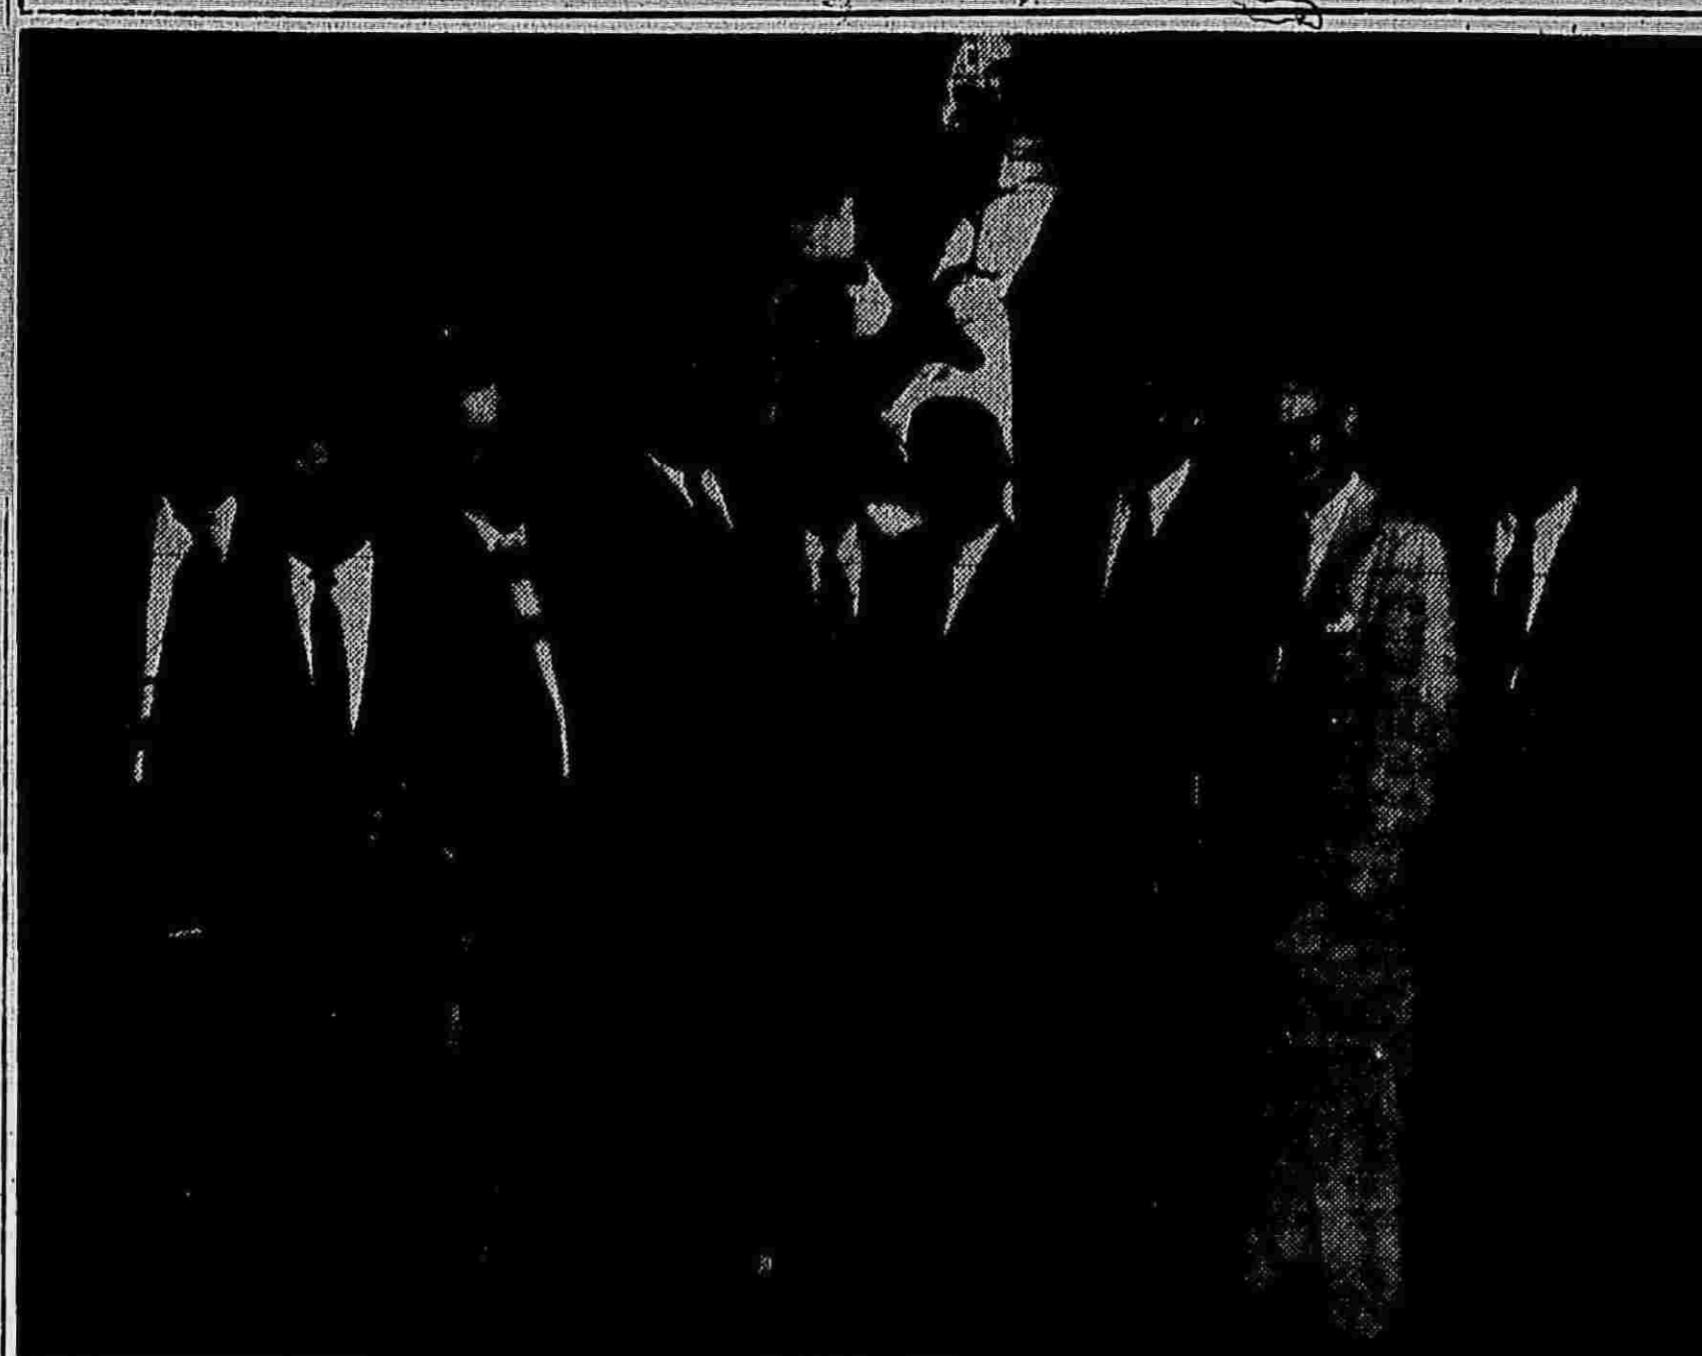

irritating to follow a slow-moving vehicle up a long, winding hill, think ahead so that at the first opportunity, when it is clear, you will be able to pass the other car. For instance, keep well enough back so that you can pass the slow car just beyond the crest, before it picks up speed, if you see that the road is clear.

Motorists may pass near hillcrest only on roads with four or more lanes of traffic. It is wise to hold down speed at these points even on roads of four or more lanes, unless, of course, there is a divider strip, as a wreck or blocked road over the crest may cause motorists to maneuver into your lane.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

When you put a baby's playpen in the yard, set the legs in fruit-jar lids. Then the bugs won't crawl up and annoy the baby.

Wolff's Resort League Winners Hold Banquet

At the banquet held in the Indian Room of the Rustic Manor on June 4th the trophies were awarded to the winning team, also for the highest series, highest game and an improvement buckle. The team, sponsored by Elmer Wolff, of Wolff's Resort are the champs of the 1957-58 season. Pictured left to right holding their individual trophies are: John Selzer, Capt.; Peter Hollocher; Robert Schatz, Elmer Wolff, team sponsor; Thor Neumann, vice-president; Lee Lewis, president, presenting the team trophy; Eugene Barnes; Harold Behrendt, secretary of the league; and Dudley Mertes.

Farris Schatz won the trophy for highest series; Roger Grossi won the trophy for the highest game; and Ted Brandel won the improvement buckle.

The members held election of officers for the coming year with this result: John Selzer, president; Sam Lobrillo, vice-president; and Farris Schatz as the secretary.

More Accidents, Higher Car Costs Affect Insurance

NEW YORK—Thirty-three hundred dollars a minute, day and night throughout the year, is the pace insurance companies paid auto liability claims in 1957. Minute by minute, that adds up to traffic accident costs of well over \$1,500,000,000 for the 12-month period.

This "startling" fact is brought out in a new leaflet prepared by the Association of Casualty and Surety Companies to explain why it has been necessary for insurers to raise automobile liability insurance rates. The pamphlet is being mailed to insured motorists throughout the country by insurance agents and brokers.

Automobile insurance rates are based on claim costs resulting from traffic accidents. Insurance costs more today principally because of increases in the number of accidents, the higher charges for repairing cars and people, and the growing size of damage awards by juries.

"The toll of fatal and bodily injury accidents as well as property damage accidents last year reached the staggering total of 11,700,000, 18 per cent over the figure for only five years ago," the folder states. "In this tragic sum, 1,856,000 men, women and children suffered personal injuries. Every weekend was a catastrophe in 1957, accounting for almost half the disasters, as death struck every nine minutes and every 12 seconds someone suffered injury."

Just as accidents have been increasing, so too have the costs of those accidents, the pamphlet points out, noting that modern cars with elaborate chrome trim, wrap-around windshields, tinted glass, twin headlights, triple taillights, and sweeping fenders have changed yesterday's minor side-swipe into today's major repair job.

Teenage Girls Now Hear "Play Ball!"

COLLEGEVILLE, Pa.—When they dust off the plate and say "Play Ball!" this year in many communities throughout the country, the old pepper talk around the bases and the catcher's staccato jawing are in soprano.

The girls—the 10-to-15-year-old group—are invading the diamond for the first time on a nationwide—and potential world-wide basis.

Junior baseball is no longer a boys' world.

At least 100 girls' leagues of four major teams and four farm

teams—perhaps as many as 12,000 girls—are expected to be in action this spring and summer. They will play Lassieball, a modified form of softball.

It will be the first significant year for Lassie Leaguers, Inc., which pioneered and directs the program. The pattern for Lassie Leaguers was set up in 1953 in Collegeville when a retired industrialist pointed to what was patently an unfair community situation.

"But we have done nothing for the girls," said S. L. Gabel, former general manager at the Superior Tube Company plant, a short peg from there.

With local leaders, Gabel formed the basic organization. Inquiries have been received from 400 other communities.

Watch Water Supply During Summer's Heat

PITTSBURGH—With summer and an upswing in water demand drawing near, the cost-conscious home owner might be wise to keep his eye peeled for signs of trouble in the household water system.

There are two danger signs to look for. One is rusty red water—a hard one to miss. The other is a noticeable drop in water pressure.

If red water is the problem, you could be in for a lot of trouble later on. It may be a direct result of corrosion due to a water supply with a low pH value (high acidity). If that's the case, your piping and water heater may be gradually rusting away.

This same red water, however, may be due to the presence of dissolved iron in the water supply. Shortly after iron-bearing water is contacted by air, the iron oxidizes, precipitating iron oxide as a rusty deposit.

Water Over Great Plains Held Many Giant Fish

WASHINGTON—There were giant fish in those days—about 100,000,000 years ago.

They were predaceous creatures that preyed on small fish in the large sea that covered the Great Plains area of what is now the United States during the Cretaceous geological period.

One of the largest, *Xiphactinus*, now is being prepared for exhibit by Smithsonian Institution paleontologists. Obtained on exchange from the University of Texas, the fish is 16 feet long, rivaling some of the largest sharks of the present.

The Antioch News and Antioch Theatre invite Mrs. Fred Chapp, Antioch, Ill., and one to attend Sunday, Monday or Tuesday showing of "Paths of Glory" at the Antioch Theatre.

ECONOMY TV TOPICS

(By Harold "Pete" Peterson)

WHY WONDER? PHONE

This column keeps reminding people of questions to fire at ECONOMY TV, on Rte. 173, 1 mile west of Antioch. We like it... Here are two that could be important for television set owners: "Can a TV antenna be painted to match the color of the house?"

"Should I turn the channel selector in only one direction?" Yes, you can paint your antenna any color you wish, but please, not the insulator.

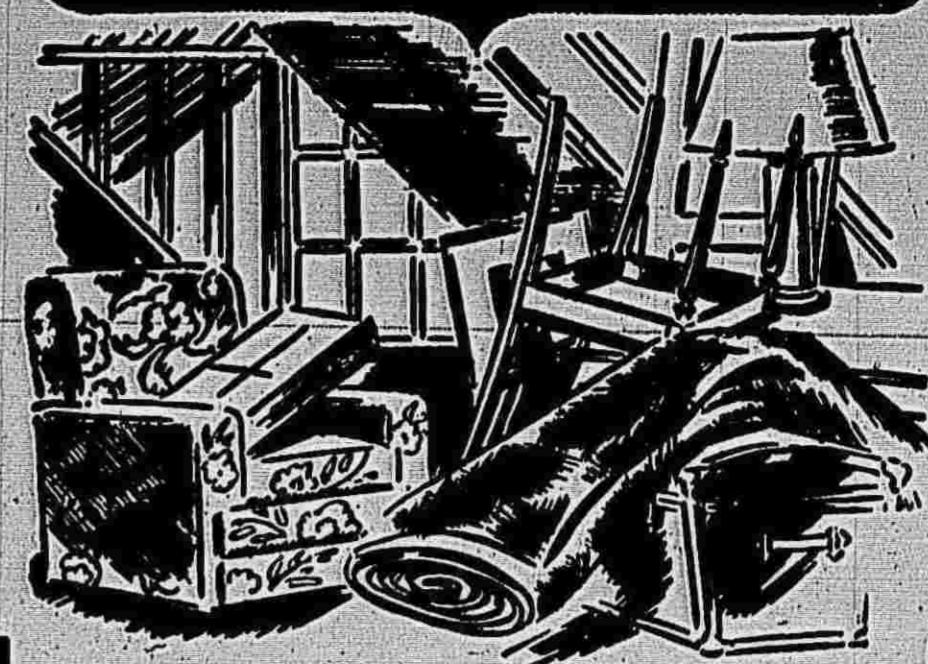

No, you can turn your channel selector in either direction. It doesn't matter, but too much changing of stations does eventually wear out the contacts.

And yes, we do specialize in all kinds of electronic services. Phone ANTIOCH 1454. You'll like our methods as your neighbors do.

Do your House Cleaning with a WANT AD

WANT AD

Clean House on Unwanted Items for Quick Cash—or Trade Them for What You Need!

If you're spring cleaning and discover furniture, small appliances, toys or clothing you no longer need, let a low-cost want ad sell or trade them for you. You'll be pleasantly surprised at how many folks are seeking those very items. But, you've got to tell them in order to sell them! Use the WANT ADS for economical, and really fast results!

MARY LYNN FULLERTON SPENDS SUMMER IN MONT.

Mary Lynn Fullerton, daughter of Mr. and Mrs. William Fullerton of Channel Lake Bluffs Subd., left Tuesday to spend the summer in Montana. She will visit relatives who own the Kona Ranch near Missoula.

Her cousin, Cadet Philip Miller of the Culver Military Academy met her in Chicago and will make the trip to Montana with her.

Mary Lynn will visit Yellowstone and Glacier National Parks and will also take a preparatory course in Spanish at the State University. She will return to Antioch in the fall, to enter high school.

Mrs. Fullerton is an associate in real estate with C. J. Cermak, Jr., Realtor of Antioch.

RAINBOW NEWS

The Order of Rainbow for Girls met on Monday evening, with Diane Mantis presiding at her first meeting as worthy advisor.

Diane announced her committees for the forthcoming term. They include: Decoration—Nancy Scott; Publicity—Barbara Yates; Sicknes—Sharon Gibbs; Finance—Fay Mann, Mrs. Mann and Margo Ott; and Points Committee—Joan Wagner, Mrs. Mantis and Donna Gibbs.

Donna Nickerson was installed as confidential observer. The formal closing was dispensed with and refreshments were served. A party was given in honor of the graduates who are members of the group.

Surprise Shower for Mrs. Wojnowiak

When a surprise baby shower was held for Mrs. Mike (Elaine) Wojnowiak, on Wednesday, June 4, she was really dumbfounded. It was given by Mrs. George (Doris) Pierce at the home of her mother, Mrs. Meta Portwich, Indian Point. Guests present at the shower were: Marilyn Dodson, Mrs. Humebeutel, Elaine's mother, Ingrid Hawkins, Kay Schafer, Charlotte Queen, Charlotte Peterson, Mrs. Ringa, Betty Ferrier, Delores Pierce, Anne Pierce, Gwynn Pierce, Marilyn Cogdill, Amy Hart, Jane Powell, Virginia Murphy, Mabel Byrne, and Helen Burke. Elaine received many lovely baby gifts which she can surely use, since her son, Tommy, is ten years old.

ATTENDS GRADUATION EXERCISES FOR SON

Mr. and Mrs. S. W. Bailey, Millburn Road, Lake Villa, and their daughter, Dr. Dorothy Bailey, Chicago, attended commencement exercises Sunday, June 1, in Rolla, Missouri. S. Wayne Bailey, son of Mr. and Mrs. Bailey, was graduated from the Missouri School of Mines and Metallurgy, University of Missouri, with a Bachelor of Science degree in the field of Mechanical Engineering.

Wayne was an officer and member of Tau Kappa Epsilon National Fraternity and is a graduate of Antioch Township High school.

Brush and Palette Club Elects, Plans Art Classes

New officers of the Brush and Palette Club are, left to right, Mrs. Virginia Francisco, secretary; Mrs. Ruth Bonis, treasurer; George H. Grunow, president; and Mrs. Claire Gilday, vice president. The club has arranged a course in art. There will be five 2-hour sessions on July 2, 9, 16, 23, and 30 from 9 to 11 a.m. The classes are for pupils 10 years old or older. The nominal fee includes materials. Enrollment which will be limited may be with Mrs. James McDowell, 285 Ida Ave., Phone 1242.

Carol Loftus Bride Of Keith Le Seure

St. Peter's Catholic Church of Antioch was the setting at noon Saturday, June 7, of the marriage of Carol Ann Loftus, granddaughter of Mrs. Ella Edgar, and R. Keith Le Seure, son of Mr. and Mrs. J. Le Seure of Mt. Carmel, Ill.

The bride was given in marriage by Mr. Matt Sorenson, friend of the family. For her gown, the bride chose flock dot nylon tulle, which featured a modified sweetheart neckline of net and a full bouffant ballerina skirt with daisy lace outlining the full tiers. A fingertip French illusion veil fell from a crown of pearls and rhinestones and she carried a bouquet of white carnations.

Matron of honor was Violet Mortensen, sister of the bride. Her gown was a ballerina length, of white velvety nylon over mint green taffeta with a taffeta bow at the bodice extended into a waist cummerbund which fashioned a bow and streamers at the back. She wore a matching half-hat of daisy flowers with short blush veil. Her flowers were pink carnations and roses.

Serving as best man for the groom was Ralph Jackson of Mt. Carmel.

Mrs. Edgar wore a gown of pink linen and lace. Mother of the groom wore navy blue nylon and both wore white carnations.

Carol is a graduate of the University of Illinois, Feb. '58, with a bachelor of arts and liberal arts, science and English.

Keith is a graduate of the University of Illinois, class of '53, with a bachelor of science in education, and is now attending the law school at the university. He expects to graduate in August of 1959.

A reception was held at the Robert Mortensen home, on Spafford street. After a short wedding trip, in the South, the couple will reside at 1004 W. Oregon st., Urbana, Illinois.

Richmond Flower Show To Be Two Day Event

The Richmond Garden Club will present its annual flower show, "Beauty in the Home," from 2 to 9 p.m. Friday and Saturday, June 27 and 28, in the Richmond Community High School.

Mrs. J. Wallace Kruse will be chairman of the event and neighboring garden clubs from Lake Geneva and Zenda, in Wisconsin, and from Crystal Lake, Antioch, McHenry, Woodstock, and Wonder Lake in Illinois, have accepted invitations to participate.

Mrs. O. P. McMaster, Deerfield, Ill., a nationally accredited Garden Club judge, will be assisted by Mrs. Emil Walker, Woodstock, and Mrs. Clare Appleby, Lake Villa.

C.Y.O. Summer Fantasy Dance

The Prince of Peace C.Y.O. Club of Lindenhurst is sponsoring a dance called "A Summer Fantasy," on Saturday, June 28, from 8 p.m. to 12 at the Church hall on routes 21 and 132. Music will be furnished by the Jimmy Bledsoe orchestra. A free smorgasbord will be served:

SQUARE DANCING

There will be square dancing outdoors the second and fourth Saturdays during the months of June, July and August, beginning Saturday night, June 14—about 8 p.m., at Adler Park, Libertyville, Ill., just north of town on Milwaukee Avenue (Rte. 21).

TWO GRANDCHILDREN IN FIFTEEN DAYS

Mr. and Mrs. Frank Paglusch, of Morley's Subd., are happy to announce the births of their first two grandchildren.

Mr. and Mrs. Harry Flood of Bristol, Wis., are the parents of a daughter, Beverly Ann, born May 15. Mrs. Flood is the former Gerry Paglusch.

Pvt. and Mrs. John Buck, the former Marilyn Paglusch, are the parents of a son, Curtiss Arthur, born May 30, in New Jersey, where Pvt. Buck is stationed.

Cermak Children Home
Charlene Cermak, daughter of Mr. and Mrs. Charles Cermak, Jr., is home from Mount St. Mary's Academy at St. Charles, Ill., where at the completion of her sophomore year she won second scholastic honors. Her brother, Melvin, has completed his freshman year at Salvatorian Seminary, St. Nazianz, Wis.

Entertains Classmates
Miss Mariu Bushing entertained college classmates, Connie Obricht of Naperville, and Marion Johnson of Chicago at the home of her mother, Mrs. Marie Bushing last weekend. The girls returned home the previous Monday from their studies at Blackburn College in Carlinville.

Mr. and Mrs. Floyd Davis returned home Monday from a fishing trip to Crandon, Wis. They were accompanied by their grandson, Roger Stahl, Jr.

Leaders at Order of Rainbow Installation

The Antioch Assembly of the Order of Rainbow for Girls installed new officers Saturday at Wesley Hall in the Methodist Church. Shown, left to right, are Mrs. Donald Gibbs, mother advisor; Betsy Frazier, retiring worthy advisor; Diane Mantis, incoming worthy advisor; Anna Mae Schoonover, past worthy advisor of Lake Forest assembly, installing officer. (Polley Photo)

CELEBRATES 80TH BIRTHDAY
Mrs. Hulda Lasco, of State Line Road, is now into her fifth score of years, for she celebrated her 80th birthday on Sunday, June 1, with an open house for her many friends and relatives.

Callers were from Bristol, Kenosha, and Salem, Wis., and the Antioch area and included the following:

The Louis Krohn, Russell Mott and Charles Pohlman families and Ed Muhlenbeck from Bristol; the Melvin Krohn, Harold Schend, Edgar Krahn, Arthur Blaziewski, Ernest Pascucci and Warren Pohlman families and Mrs. June Nelson from Kenosha; Mrs. Ida Krahm, Mrs. Lois Greenwald and Mr. and Mrs. Harry Messner, Sr., from Salem; and Ed Clegg Nettles, Homer Toft, Otto Christensen, Donald Anderson, Knute Lassen, Preston Reckers, Arthur McGreal and Luliver Lasco families and Mrs. John Palmer, Mrs. Vida Shunnesson and John, Mrs. Sigurd Nielsen and Mary Ann, Mrs. Margaret Steinel, Miss Bertha Schmidt, George and Elsie Christensen, and Mrs. Emma Heick from Antioch.

Other friends and relatives called on Mrs. Lasco during the week, quite a few on her actual birthday, June 4.

G.A.A. GRADUATES CAMP AT PALOS PARK

Twelve recent graduates of Antioch Township High School, members of the Girls Athletic Assn. camped last week at Beverly Y.M.C.A. Camp at Palos Park. With them were their advisers the Misses Nancy Donovan and Lorraine Frantz. The girls were Betsy Frazier, Peggy Cardiff, Siggi Petersen, Karen Rentner, Rose Ellen Furlan, Judy Sheehan, Joan Burton, June Dressel, Judy Pyles, Maureen Smith, Donna Gibbs, and Paula Zeien.

Miss Donovan will spend her seventh summer as counselor at Standstone Camp, Green Lake, Wis., and Miss Frantz will serve as counselor at a camp in North Carolina.

Famous sportmen have pin-pointed this as the most terrific swim trunk in the Jantzen Sportswear for Sportsmen collection. There's fashion news in the styling — perfect fit even at depths where the pressure is tremendous. Ask for "El Mirador." Lastex with Mexican webbing waist, 28 to 40 size 4.95.

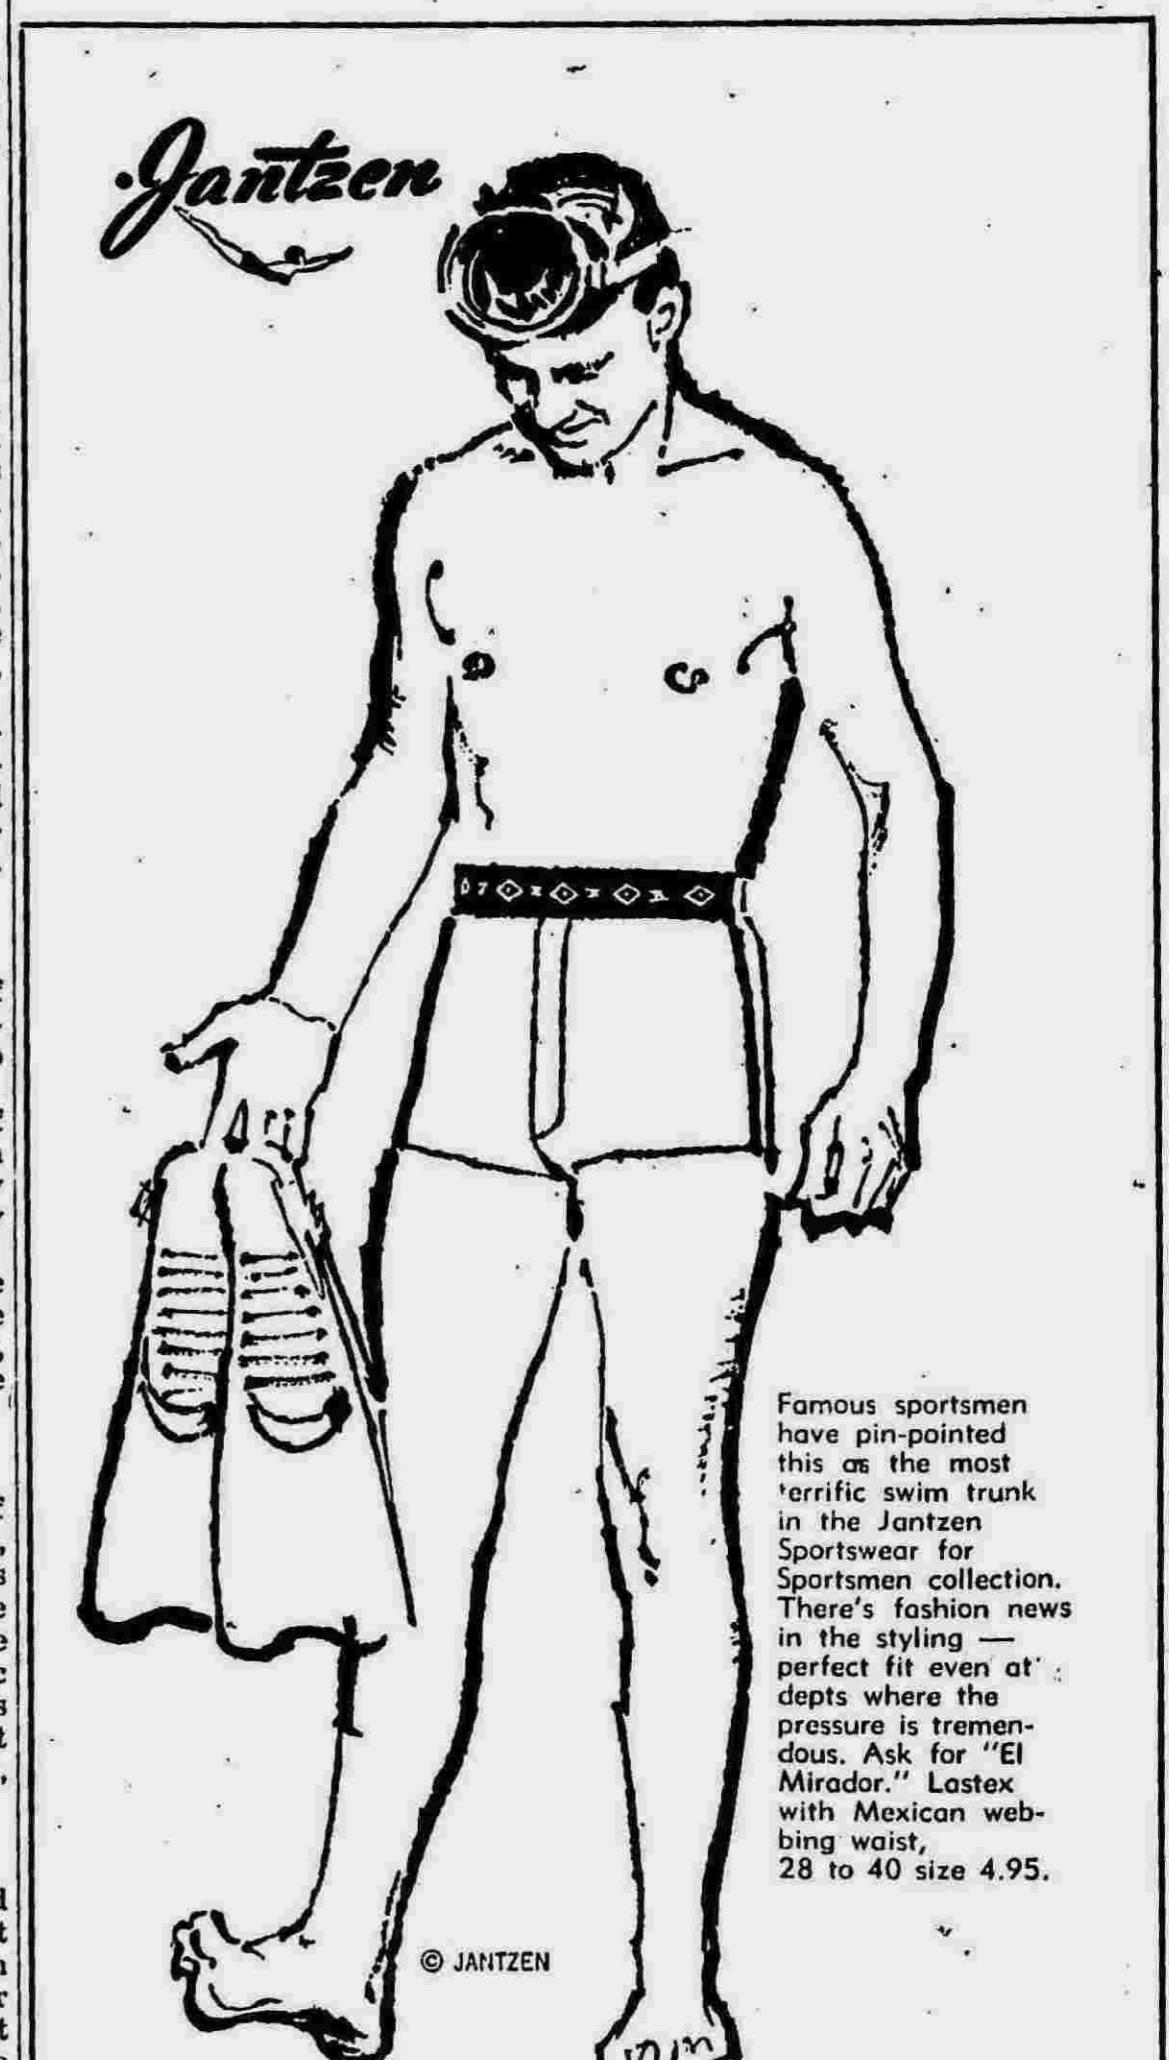

W.O.T.M. that same evening were Mesdames Ruth Seyfarth, sponsored by Gladys Schroeder; Blanche Hampf, sponsored by Rose Kennedy; Jessie Deans, sponsored by Jeanette Westhoff; Darlene Willett and Delores Barnstable, both sponsored by Alice Young.

Refreshments were served by Mrs. Pearl Anderson, membership chairman, and members of her committee consisting of Mesdames Antette Stieber, Myrtle Delany, Caroline Arthur, Ann Borchardt, Margaret Gaa, Dorothy Kennedy, Georgia Nelson, Louise Portalski, and Alice Young.

At the June 19 meeting, membership committee will hold a white elephant sale.

Mrs. Dorothy Schmitz, publicity chairman, announced her committee will have a bake sale at the Ford garage on Friday, June 20, starting at 9 a.m.

"There is just as much authority in the family today as there ever was—only now the children exercise it."—Rev. H. C. Phillips.

**J. L. Wood to Speak
On Christian Science
Next Tuesday Evening**

How the light of truth presented in the Bible brings liberation from discord and disease will be the topic of a public lecture to be given at 8 p. m. Tuesday, by J. Lingen Wood of Vancouver, British Columbia.

Mr. Wood will speak in Wesley Hall, Methodist Church, under the auspices of the First Church of Christ, Scientist. His subject will be "Christian Science: The Liberating of Truth." The lecture is free, and local members have invited the public to attend.

A member of The Christian Science Board of Lectureship, Wood has traveled widely throughout the world. He has devoted his full time to the practice of Christian Science healing for many years. During World War I he served as a captain in the British Infantry. After the war he engaged in construction work in Argentina and later was in the stock brokerage business. He served for 13 years as Christian Science Committee on Publication for the Province of British Columbia.

**Former Resident
Dies in California**

Marjorie Beedle, 52, died on June 2, in Rodondo Beach, Cal. Mrs. Beedle was a resident of Antioch for over ten years, during which time she used the professional name of Marjory Young as proprietor of a dancing school. Mrs. Beedle was ill for more than a year before passing away.

Surviving are her husband, Ray, of Rodondo Beach and her daughter, Ramae Volz, 6720 Franklin Place, Hollywood 28, Cal.

Funeral services and burial were held June 4 at Rodondo Beach, Calif.

KILLED IN AUTO ACCIDENT

Ronnie Thorness, 22, son of Loretta and Thor Thorness, of Vero Beach, Florida, was killed instantly at 11:30 a. m. Friday in an automobile accident on the highway in front of his home.

The Thorness family are former residents of Lake Villa and were proprietors of Club Villa, at the Lake Villa viaduct. Their many friends here were shocked to hear of Ronnie's death.

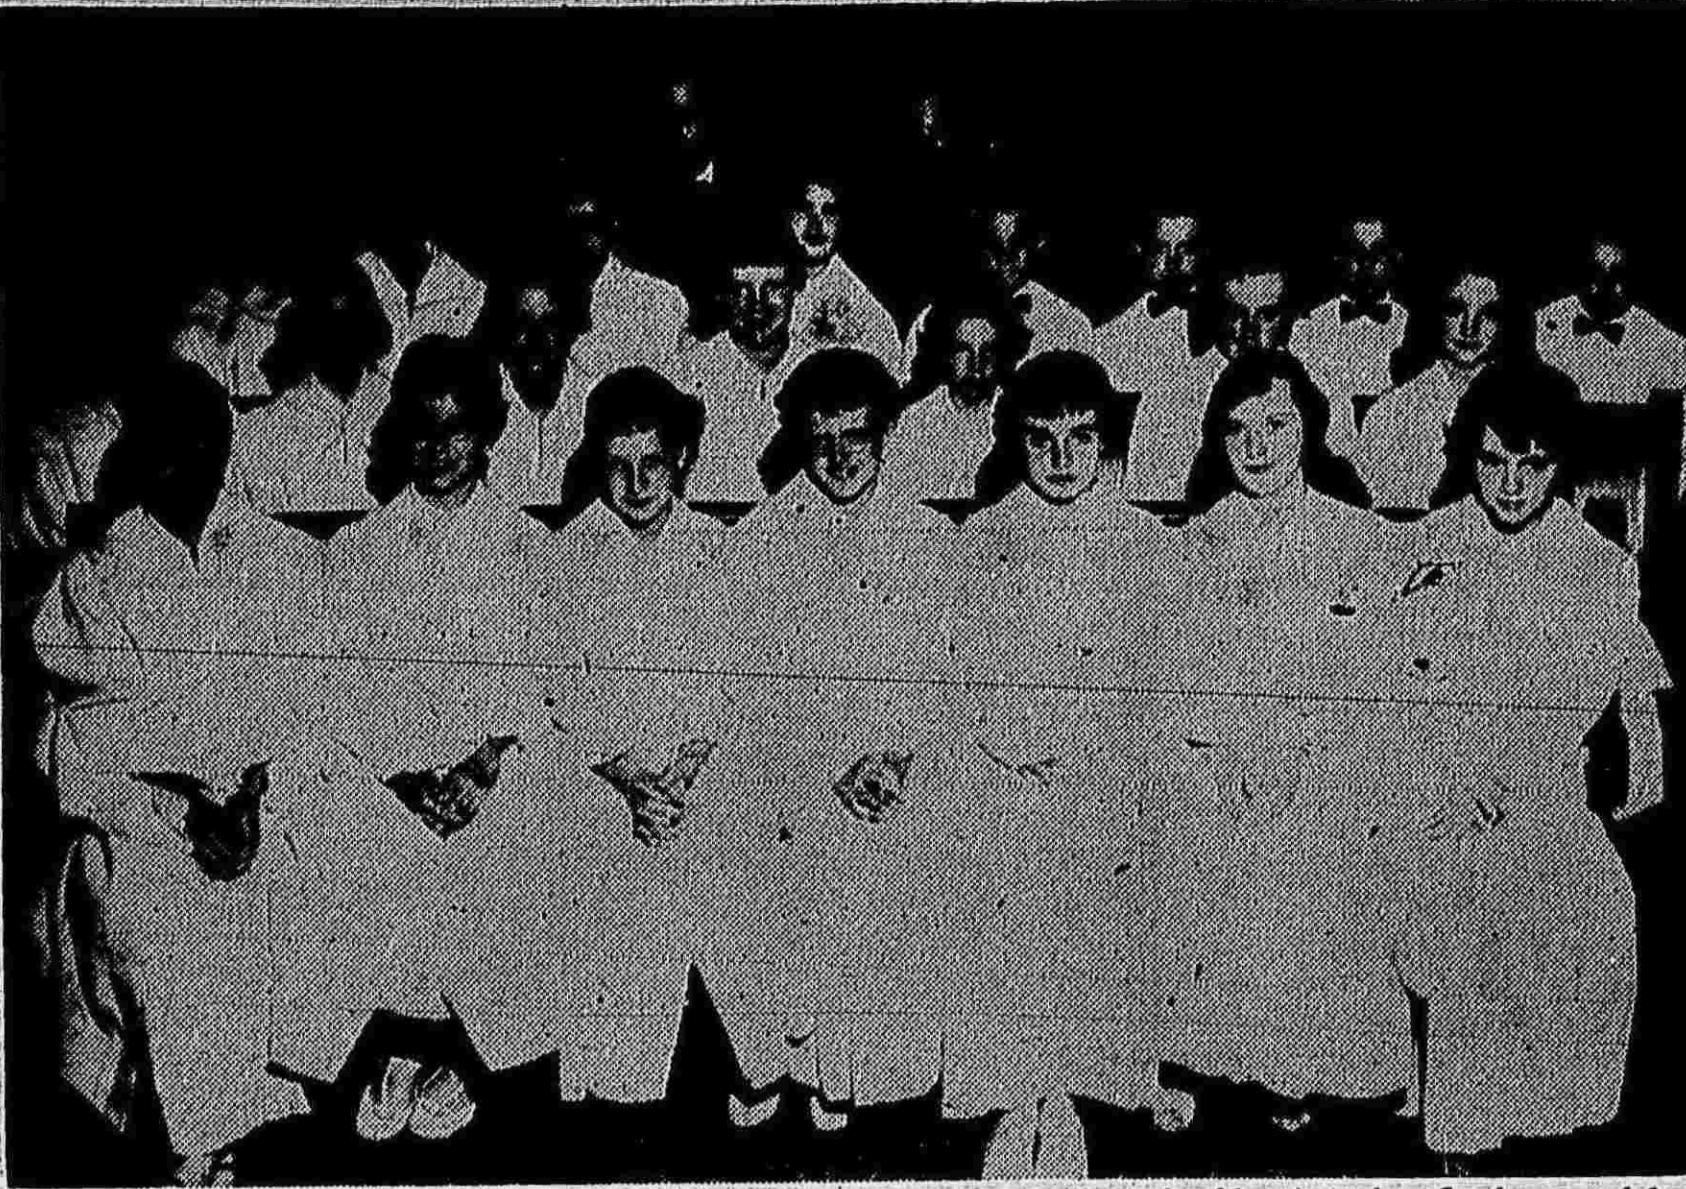

Ronnie was stationed in Germany for two years while serving in the Air Corps, and was discharged last December.

DANCE REVUE OF 1958

Barnes and Roberts, who have schools of dance in Antioch and Forest Park, will present their Dance Revue of 1958 at 7:30 p. m. June 15, in the Antioch Township High School auditorium.

A great many of the students are from this area, and they are planning a very spectacular program.

Confirmation Class at Antioch Methodist Church

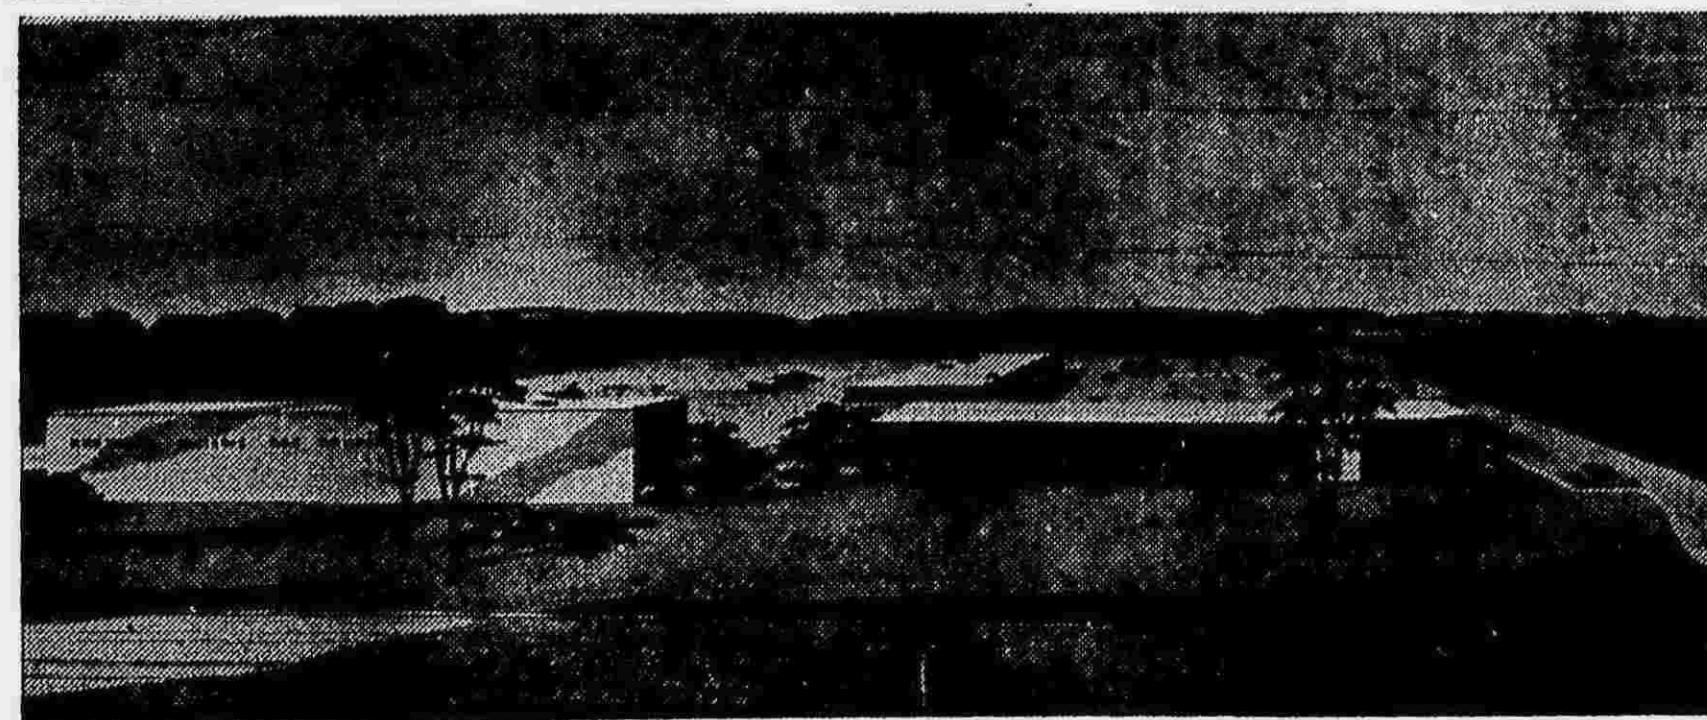

Young people of the Antioch Methodist Church who were received into membership as a class Sunday are, left to right: First row—Judy Turner, Janet Polley, Jane Strang, Harleen Young, Jane Edwards, Jane Lassen, Verna Tuovane; Second row—Carol Lasco, Darlene Alshouse, Christine Bandt, Cecilia Arndt, Marguerita Gillum, Pam Meyer, Betty Amador; Row three—Lynne Chestnut, Judith Gaston, Mae Mueller, Nancy Barnstable, Edith Walpert, Ed Thayer, Robert Lazo, Rich Good, and William Couch Jr. Row four—Douglas Frasier, minister of youth; Wallace Anderson, minister. Not in the picture are Judy Rudolph and Elroy Moeller. (Polley Photo)

Petite & Grass Lk. News

Mrs. Earl Boose—Antioch 532-W1
Mrs. Walter Johnson—Antioch 405-M1
Correspondents

Mr. and Mrs. Henry Szymoniak and daughters, Susan and Lynn, of Petite Lake, attended the wedding of Mrs. Szymoniak's nephew, Paul Adesko, son of Superior Court Judge Adesko, to Helen Szela last Saturday in Chicago. The wedding took place at the Church of Five Holy Martyrs, and the reception was at the Graemere Hotel.

Friends in the Petite Lake area will be sorry to learn of the death of Mrs. Marjorie Beedle, who passed away in Rodona Beach, Calif., last Monday, after a lingering illness. She had been away from the Petite Lake area for the past two years and many will remember well her Marjory Young School of Dancing in Antioch and other neighboring towns.

Mr. and Mrs. John Bletch of Summerville Drive, Resthaven Subdivision, marked their 28th wedding anniversary on Wednesday, June 11. They have two children, Barbara, who is in nurse's training in Chicago, and Jim, who attends Antioch high school. Congratulations!

Mr. and Mrs. Joseph Lishamer, Oak and Highland avenues, Petite Lake, entertained the weekend of Memorial Day in celebration of their son Peter's graduation from St. Peter's Parochial school, Antioch. The guests included the grandparents, Mr. and Mrs. Louis Stoltzman from Maywood, Ill.; Mr. and Mrs. James Lishamer, also of Maywood; Mr. Robert Lishamer, Mr. and Mrs. Schuler and son of Chicago; Mr. Joseph Lishamer of Forest Park; Mr. and Mrs. F. Giovenetta of Wauconda, and Mr. and Mrs. Arthur Borchard of Petite Lake Park. Also a number of neighboring friends. A wonderful dinner and fine company made for such an enjoyable time that everyone stayed the entire weekend.

The Lad and Dad campout for Cub Pack 80 was a success last weekend except for the rain. Maybe that even made it fun. Some of the families that had supper together in the rain on Saturday were: The Clyde Queens with Leonard Rozek as their "adopted son" for the campout, the Michael Wojnowski's, the George Pierces, the Gordon Pierces and their sister and brother-in-law, the Robert Hart family, the Robert Babes, the Gerald Turcks, and the Robert Babes. Of course the fathers' and sons stayed the night in tents and naturally one tent had to come down in the rainstorm. George Pierce, Mike Wojnowski and sons got pretty wet putting it back up. All in all, something for the boys of Pack 80 to remember.

There will be a meeting of the Scout Home group of Grass Lake on Tuesday, June 17 at 8 p.m. in the Scout House. If anyone has information as to the whereabouts of the cubs belonging to the Scout Home, please be present.

The Antioch News and Antioch Theatre invite James Kocmoud, Rte. 1, Box 158, Antioch, Ill., and one to attend Sunday, Monday or Tuesday showing of "Paths of Glory" at the Antioch Theatre.

Card of Thanks
We wish to sincerely thank our many friends in Channel Lake Shores, Oetting Subdivision, for expressing their sympathy during our recent bereavement.

Mrs. Vincent Lipinski and family

Card of Thanks
We wish to thank the Antioch Rescue Squad for their assistance and our friends for visiting Mrs. Clara Chapp while in the hospital and for cheer cards received.

Mr. Fred Chapp
Dorothy Wilton
Arthur Py

Never wear a bluish lipstick in the evening. Makes you look dark and aging under certain lights. Try a true red—it stays brilliant under all lighting conditions.

Wear glasses? Avoid frames too big for the width of your face and hair styles that hide your forehead.

Under the sun's hot summer rays, beneficial as they may be towards promoting your tan, you may find that epidermis tanning too, like leather! Try a creamy beauty bar such as Dove, which lathers anywhere, in cold, hard or even salt water to restore the loss of natural skin oils.

A smart gal doesn't spend half the morning trying to wake up. Take an early bird bath, hot, warm or cold—and put pep and confidence in your step, sharpen your appetite and live in your day.

Have trouble slipping that long zipper up the back of that favorite dress? Just thread a string through the zipper tab, wriggle into the dress, reach around for the string—and voila—you're zipped. Who says you need a man around the house?

A dab of clear nail polish will stop that minor run in your hose from becoming a catastrophe.

Thank You
I would like to thank friends and neighbors for cards and gifts received and act of kindness, also Dr. A. N. Berke and Rev. Wallace Anderson for their kind and wonderful ministering during our recent bereavement.

**Grass Lake Cub Pack,
Dads Camp-out in Rain,
Officers Later Elected**

About 20 Cub Scouts and their Dads assembled in the woods behind the Grass Lake school on Saturday afternoon at Pack 80's "Lad and Dad camp-out." In spite of the bad weather the men succeeded in cooking dinner for themselves and for their wives and families who had joined them just for the dinner.

These hardy campers slept overnight in their tents in spite of a heavy wind and rain storm which would have discouraged many veterans.

As far as learned, the only casualty was the collapse of one tent-pole and tent, giving the occupants a good shower bath. But even these slightly damp camp members stayed until after breakfast Sunday morning.

Cub Pack 80 Elects

A meeting of the leaders of Grass Lake Cub Pack 80 was held on June 5 at the home of Mrs. Kay Schaefer at Petite Lake. Plans for summer activities were discussed.

Pack 80 will be in charge of craft exhibits and demonstrations at the next round table, which will be held June 18 at the Lake Villa Grade school.

Officers for the next year will be as follows:

Earl Beese—cubmaster; George Pierce—committee chairman; Carl Cogdill—assistant cubmaster; Mike Wojnowski, assistant cubmaster.

Mrs. Joanne Robertson, secretary-treasurer; Mrs. Virginia Murphy, publicity chairman; Matt Nolan, outing and training chairman; Jerry Turck—equipment and set-up chairman; Charles Robertson—advancement chairman; Jim Drucker—hospitality chairman; Earl Beese and George Pierce—membership and registration.

The pack was happy to have its institutional representative, Bob Hart, present at the meeting to assist with his good advice and counsel.

"As a nation we face the cruellest and most menacing challenge in our history. To be militarily strong, to give proper aid to our allies, to assist those who need our help, we must have a strong economy here at home. Our enemies would be delighted to see our economy weakened and our assets wasted away. This we must not permit." —Milton C. Lightner, president, National Association of Manufacturers.

Middle-age: When you're grounded for several days after flying high for one night.

Former Carriage Museum Now Episcopal Church at Fox Lake Hills

Episcopal Church above is the former carriage museum on the estate of the late Otto Lehman in Fox Lake Hills. Tudor building and 2½ acres of land around it was donated to the congregation by the developers of Fox Lake Hills, Inc. The building, which presents the appearance of a medieval castle, used to house the Lehman antique carriage collection.

Salem Township Y.R.O.

**Mrs. Jack Zubor
Underhill 2-2864**

The Y.R.O. held its regular monthly meeting. Activities of the club were discussed. Refreshments were served by George Lebangood.

CUB SCOUT NO. 8 NEWS

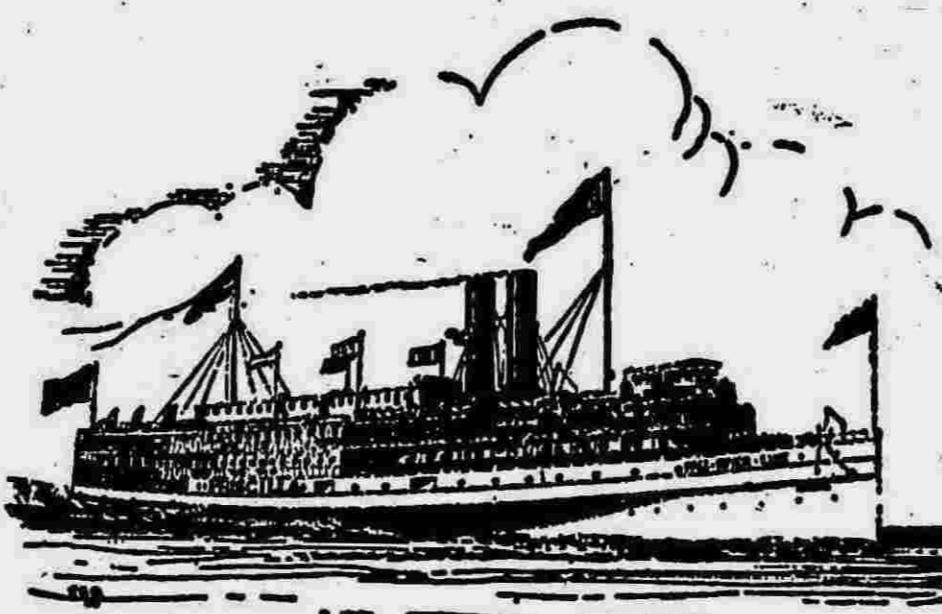

The pack and their friends had a rolling good time at their skating party last Thursday evening. A special event of the evening was a tire race. Victor Grumbeck won the men's race, Arbutus Buning won the women's race, while Nancy Lebangood skated in first in the girls under 12 race. Jimmy Schmidt, son of one of the den mothers, was the winner of the boys' race.

Everyone is looking forward to another skating party soon.

BROWNIE TROOP NO. 147 NEWS

The patrols in Troop 147 have decided not to have any meetings during the summer. The Sycamore patrol of Cross Lake is still meeting. They will decide next Saturday if they will continue meeting during the summer or not.

A Famous American Ship

The PRISCILLA, overnight boat famed for her luxury and regularity of service, was perhaps America's most loved Fall River Liner. Honeymoons were planned to coincide with her sailing. Her grand dining saloon, largest room afloat in her day, was 162 feet long. Costing \$1,500,000 in 1893, she had accommodations to sleep 1,500 persons. She was representative of the finest in Long Island Sound night boats, a service once known the world over, but now dead for more than two decades. Safety features pioneered in her designers are among those now standard on all American liners. A revival of America's neglected but important coastwise shipping industry has been called a must by the American Merchant Marine Institute, transportation leaders, and government officials.

Plan Lions Golf Outing

Dr. Albert A. Bucar is chairman of a committee that is arranging the annual golf outing for the Antioch Lions Club. The outing will be held Wednesday, June 25 at Hunter's Country Club, Richmond.

Make your bunker silo at least 20 feet wide so tractors can pass. About seven feet is the maximum height for a self-feeding program without extra hand labor.

Lending a helping hand to a friend in trouble you can be certain of one thing . . . he's sure to remember you . . . the next time he's in trouble.

June is the month...

In The Swim by *Unknown*

The art of swimming was first copied from animals and made a sport in the days of Pompeii. To give swimmers more freedom in the water, no clothing was worn.

This healthy pastime did not become popular until the turn of the 19th century in England. Bathers wore fancy swim suits that usually covered their entire bodies.

Today, almost every man, woman and child in the world is a swimmer. They wear swim suits for freedom of movement and style, and for comfort usually find it advisable to have a change from a wet suit to a dry one.

Antioch Area's College Graduates

There are a number of proud parents in Antioch and the surrounding area this week, and justifiably so. They are the parents of students who have graduated or will graduate from college with degrees.

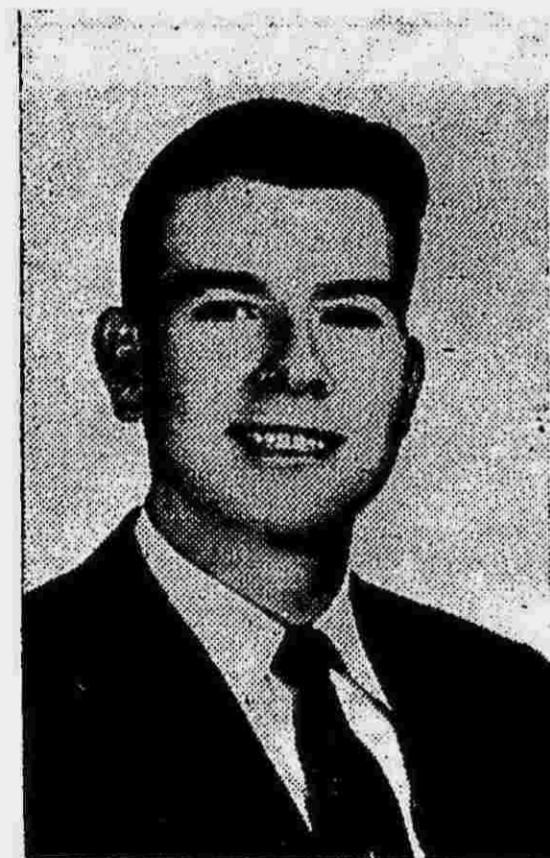

S. Wayne Bailey

S. Wayne Bailey, son of Mr. and Mrs. S. W. Bailey, Millburn road, Lake Villa, was graduated June 1 from the Missouri School of Mines and Metallurgy of the University of Missouri. He received a Bachelor of Science degree in the field of Mechanical Engineering.

Wayne, who is a graduate of A. T. H. S., was an officer and member of Tau Kappa Epsilon National fraternity.

On Monday, June 2, Richard Leo Champlin, son of Mr. and Mrs. R. H. Champlin of Edwards road, Antioch, received a Bachelor of Arts in Business Administration and Banking, at the 77th annual Colorado College commencement exercises.

Champlin was a business administration major and a member of Sigma Chi Fraternity.

**Oldest Living Trees Are Now Wards Of Government.**

WASHINGTON—The oldest known living things on earth are now assured care appropriate to their age.

The trees of Methuselah Walk in the White Mountains of California—bristlecone pines up to 4,000 years old—have been made wards of the government to save them from possible harm.

Dr. Richard E. McArchie, chief of the United States Forest Service, has signed an order establishing the Ancient Bristlecone Pine Forest, which will protect the trees against mining or timber claims and preserve them for scientific study and the pleasure of visitors.

The great age of the trees has brought them considerable attention since information on their antiquity was published in the National Geographic Magazine. Conservationists feared that souvenir seekers or commercial interests might harm the Methuselahs.

The Ancient Bristlecone Pine Forest includes 27,000 acres of the Inyo National Forest, east of San Francisco near the Nevada border. A special section of the Forest, containing the oldest trees, has been designated the Edmund Schulman Memorial Grove in honor of the late scientist who determined the age of the pines.

Health Programs Go Beyond Retirement

NEW YORK—Providing employees with health insurance protection after their retirement continues in high gear.

A recent survey of company health insurance plans in the United States indicates that more and more employers and insurance companies are offering health insurance programs which continue beyond the employee's retirement. As of 1956, more than twice as many such programs were in effect as there were five years ago.

Another trend has become evident in that such retirement benefits are being passed on to an increasing number of smaller employee groups.

928 Main St. Antioch, Ill.

Joseph Kelly, son of Mr. Harold J. Kelly of Loon Lake, received a Bachelor of Arts degree in Economics last Thursday, June 5, when he was graduated from St. Procopius College, Lisle, Ill.

Joe was a class officer and student council representative for three years, and student government treasurer in his senior year. He was also Homecoming chairman in 1957 and was chosen for the dean's activity committee.

John Arthur Pregenzer, son of Mr. and Mrs. Louis Pregenzer of Grass Lake, Antioch, received a Bachelor of Science degree at the 99th commencement exercises at Illinois Wesleyan University, Bloomington, Ill., on Sunday, June 8.

Bishop Charles Wesley Brashares, Chicago Resident bishop of the Illinois Area of the Methodist church, spoke at Baccalaureate services on Sunday, June 1.

Three students from this area will receive their degrees Saturday, June 14 from the University of Illinois at Commencement exercises in Memorial Stadium. WILL, the university's non-commercial radio station (580 kc) will broadcast the 10 a. m. ceremonies.

Prof. Thomas W. Baldwin, world-

Tallett for Probate Judge
The Lake County Republican Central Committee has chosen Atty. Harold J. Tallett as the Republican nominee for probate judge of Lake County and has notified Gov. William G. Stratton to that effect. City Judge L. Eric Carey of Zion is sitting as probate judge filling the post left vacant by the death on May 1 of Judge Charles E. Jack.

Antioch Boy Scout Troop 82 gave seven types of Indian dances as its part of the program at the Lions club dinner meeting Monday evening at the Wesley Hall in the Methodist church. Institutional Representative Richard Harland introduced the scoutmaster, James Horton, who discussed the importance of scouting. Troop 82 is sponsored by the Lions.

A new American altitude record for seaplanes was established in June 1913 at Annapolis, Md., when a Navy pilot flew to the dizzy height of 6,200 feet.

YOU CAN DO BETTER AT JEWEL FOR U.S. "Choice" Beef!

Pot Roast

U.S. CHOICE—
EXTRA VALUE TRIMMED
BLADE CUT
LB.

45¢

Even when buying a more economical cut like Pot Roast, you want it to be lean and tender cooking! That's why Jewel buyers follow a strict policy in selecting only "U. S. Choice" grade beef for you!

All Jewel beef must be graded U. S. "Choice" by Inspectors of the Department of Agriculture. (This grading is based on the amount and distribution of fat . . . and firmness and texture of the lean.) Then Jewel buyers make a further inspection themselves. They carefully choose only the "best" of this one high grade of beef!

Yet you pay no more for this high quality meat—because alert Jewel buyers are always on the lookout for changing market conditions that mean lower prices for you. More proof you can do better at Jewel!

It's Glass-O-Rama Time at Jewel!

**Pipeline Gas
Not Promising
By Northern Ill. Gas Co.**

Marvin Chandler, president of Northern Illinois Gas Company, told stockholders Tuesday at the utility's annual meeting in Aurora that prospects for additional pipeline gas this year are "none too promising."

His remarks followed the business session during which Edward D. Sheehan, the gas company's vice president in charge of operations was chosen as an additional director. Sheehan's election increases the number of directors to ten.

In his talk Chandler reviewed the gas supply problem which the utility faces and analyzed four possible additional increments of gas in this manner:

(1) Fifty million cubic feet of gas daily from Midwest Gas Transmission Company is not expected until late in 1959 due to recent denial by Federal Power Commission of a temporary certificate.

(2) Fifty million cubic feet of gas daily from Northern Natural Gas Company still awaits FPC and Illinois Commerce Commission action, but could be completed by the end of this year if approved by August 1.

(3) Applications for temporary certificates by Natural Gas Pipeline Company of America and Texas Illinois Natural Gas Pipeline Company, which would furnish NI-Gas with about 66 million cubic feet of gas daily, also, await FPC decisions. Delivery of this gas by the end of this year is doubtful even if approvals are received shortly.

(4) An additional 127 million cubic feet of gas daily through the original Natural Gas Pipeline-Colorado Interstate project is still bogged down in rate, financial and regulatory complications.

While Chandler was not optimistic about receiving additional gas in time for the 1958-59 heating season, he looked toward all of these four possibilities materializing perhaps by the end of 1959. There now are about 130,000 single family dwellings awaiting gas space heat.

Chandler stressed that underground storage of large quantities of gas during the summer for use in the winter seemed to be the best long range solution to the supply problem.

Northern Illinois Gas recently asked permission of the Illinois Commerce Commission for initial development of its own underground sandstone reservoir between Mendota and LaSalle. This structure, however, is unlikely to be as useful to the utility as the current capacity of Herscher reservoir which permits serving about 80,000 of Northern Illinois Gas' present house heating customers, Chandler said.

"We hope to inject gas this summer on a pilot basis and conduct further tests over the next year or two," he explained. "These tests should indicate whether, or to what extent, it will be useful to us."

If gas can be stored in this reservoir, several years would be necessary before it could be developed into maximum usefulness. In the meantime, the utility's search for other possible aquifer reservoirs will continue, he declared.

Chandler also reviewed activities of NI-Gas Supply, Inc., the gas company's exploration and development subsidiary which was formed early in 1956.

To date, the subsidiary has had a generally small percentage participation in the drilling of 39 wells in the Southwest. Of these, 27 have been productive of gas or oil and 12 have been dry, he reported.

Chandler noted that the company probably would obtain about \$90 million more through financing dur-

ing the next five years in addition to the \$10 million raised in February through the sale of preferred stock.

He said Northern Illinois Gas probably would sell about \$20 million of mortgage bonds in September if the supply increment from Northern Natural Gas Company is approved and construction starts. Even if this project is deferred, it is likely that the utility still would raise approximately \$10 million by sale of bonds perhaps later in the fall.

Admitting that the company has felt some effects of the recession, Chandler stated that it added 22 per cent fewer customers in the first four months of 1958 than last year. Industrial firm sales were off three per cent from January through April also.

He said, "Overall, we may be said to be experiencing a decline in our rate of growth, but we are still growing."

**Large Crowd Attends
Dispersal Sale Saturday**

A large crowd gathered Saturday at Sunnybank Farm, five miles west of Antioch on Route 173, to witness the dispersal sale of the property of the late Laurence H. Armour.

Edward L. Morris, who has managed the farm for the past several years, has accepted a position with Marshall Field, Jr., on his country estate near Libertyville. Mr. Morris will move his family to their new home in Mundelein on August 1.

**Lindenhurst Village Clerk
Announces New Hours**

Mrs. Tom Hay, village clerk in Lindenhurst announces the new hours for the convenience of the residents. They are: Monday and Wednesday, 6 p. m. to 9 p. m.; Saturday, 1 p. m. to 5 p. m. at her home on Briar Lane. If unable to get there during those hours, please call Mrs. Hay at Elliot 6-5154 for an appointment. Mrs. Hay warns that July 1 is the deadline for Vehicle and Dog License purchase.

To bore a large hole over an existing smaller one, drive a wood plug or dowel into the small hole. It is then easy to center the large one.

U of I MARKET BUY

Fresh fruits and vegetables continue to provide most of the real market changes—the more variety, lower costs and expanding sources of supply. Frozen orange concentrate prices continue to trend upward. Cooking oils and oils reflect merchandising cost increases. Meats hold generally stable price and little marketing increase and prices tend to weaken for better grades. Eggs and fowls continue as value buys.

CHICAGO FOOD VALUES
Produce: Lettuce—New potatoes—Cabbage—Tomatoes—Cantaloupe—Lemons—Pineapple—Strawberries—Dairy: Cheddar cheese—Large eggs—Butter.

Meats: Beef pot roast—Lamb leg roast—Fryers.

WHO CARES
what happens
to the railroads?

**For your own good
you'd better, and here's why:**

Reasons are cited by publishers from coast to coast, who recognize the disaster facing the country unless Congress takes prompt action to end the deteriorating railroad situation."

"Railroads are fighting a battle against discriminatory laws and regulations which in sum total threaten the stability of lines providing thousands of well paid jobs, millions of dollars of taxes and a transportation service essential to the nation." — St. Paul, Minnesota, Pioneer Press.

"The proposed railroad program is one in which they propose to help themselves. Railroads claim it is in keeping with sound principles of free enterprise, equal opportunity and justice. Favorable consideration by Congress may bring the solution to a problem that no longer is a minor one." — Detroit Lakes, Minnesota, Tribune.

"Today, the railroads are in such a plight financially that either they must be rescued or they must be socialized. Obviously, the nation must have a countrywide railroad system. The proper reform ought to be plain enough. We need a national transportation policy that will utilize all the means of transportation—waterways, airlines, railroads and highways." — Milwaukee, Wisconsin, Sentinel.

"Many of the most important and most vexing problems confronting the railroads stem from government transportation policies and practices. Most of these would require action by Congress to correct, including of course those policies formulated by the interstate commerce commission." — Washburn, North Dakota, Leader.

"To add insult to the roads' injury, many of their competitors are helped to compete by government subsidies—direct, as in the case of airlines, or indirect, such as construction and repair of highways and water transport facilities. In addition, the roads are prevented from going elastic to meet the competition because they're hamstrung by the inelastic regulation imposed on them." — Eau Claire, Wisconsin, Leader.

Above are excerpts from editorials in newspapers in the states of Soo Line Land. Many other editors have expressed similar views.

Unless definite, positive action is taken by Congress, railroads will be driven to bankruptcy or government ownership. As a tax-paying farmer, merchant, consumer or railroad security holder, no socialist theory, subsidy or government ownership of railroads would be good for you.

Write or wire your Senators immediately and urge them to support the Smathers Bill, S.3778, also write or wire your Congressman on similar legislation in the House of Representatives—for your own good!

SOO LINE RAILROAD

College Grads Are Discovering Job Offers Down

MINNEAPOLIS, April — Job offers for June college graduates early this spring were only one-fourth to one-half as numerous as they were in the mad rush prevailing at this time last year.

Yet employment prospects for the class of '58 look pretty promising to school placement officials, who have reason to expect a considerable pickup in actual job commitments during May and early June.

This is the gist of a preliminary report by a national life insurance company. The firm is now undertaking its 23rd annual spring survey of the employment outlook at over 100 colleges and universities.

Advance reports from key schools in the survey reveal that many firms have canceled their interview schedules this spring BUT other firms have applied for and filled many of the gaps left by cancellations; some schools actually show a net increase in number of recruiting firms over last year.

An average of fewer men are wanted per company this spring. But employers are cautiously optimistic and are interviewing far beyond their immediate needs, so that if the general outlook improves by mid-May or June, they will have lists of additional qualified men available.

Offers to date are heavily concentrated among men in the upper third of their class. Master's and doctor's degree men also are in intense demand, as are accountants.

But competition for jobs has definitely returned to the American college campus. Just-average and below-average seniors, even some of the engineers, are likely to have to "scrabble a bit for themselves," as one placement official put it, among smaller companies and firms which do not come to the campus. Placement of some of them may drag on throughout the year.

Know What To Do If Tornado Comes

URBANA, Ill.—Tornadoes, the most violent and spectacular storms produced by nature, are a menace to life and property, say O. L. Hogsett, extension safety specialist at the University of Illinois College of Agriculture.

Their zone of maximum frequency lies between the Rockies and the Atlantic. The "season" starts around the first of the year and lasts until late September.

Knowing what to do when you see a tornado may mean the difference between life and death, Hogsett says. Here are a few suggestions:

Keep calm! It will not help to get excited. Tornadoes usually move in a northeasterly direction at about 25 to 40 miles an hour. If one is coming toward you, move at right angles to its path. If there isn't time to escape, lie flat on the ground face down in the nearest depression, such as a ditch, or ravine. If possible, get into a culvert. If you are at home and you don't have a "cyclone cellar," the southwest corner of the basement usually offers the greatest safety.

Schools Are Adopting 'Broader' Report Card

UNIVERSITY PARK — A trend toward a broader type of report card designed to give the parent a better picture of his child's progress in school is noted in a survey made at the Pennsylvania State University.

A class in educational measurements has completed a survey or more than 120 city school systems in the United States, Alaska, Hawaii, and Canada concerning the types of report cards now in use.

The cards, mostly from elementary schools, show a definite tendency toward measuring not only the child's academic achievements, but his social and physical development and also his work habits. In all but two cards, grades were supplemented by ratings, remarks, and reports concerning the pupil's all-round growth and progress.

Color Blindness

NEW YORK—Oddly enough, nature seems to favor women in the gift of color perception. One man out of every 25 is color blind, while roughly one out of every 250 women suffers from this visual defect. Color-blindness is a hereditary factor which manifests itself in the girl only when both the mother and father are affected. The boy generally has a loss of perception of red, green or blue—when one of his parents is affected.

Education Pioneer

CHICAGO—Pioneering in the educational fields is a tradition at Illinois Institute of Technology, Chicago, the first college or university in the United States to offer degree-granting programs in such fields as food engineering, fire protection and safety engineering, and technical drawing.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Elliot 6-3323

Regular services at Millburn Congregational church June 15, include Sunday School at 10 a.m. and church services at 10 a.m. The service will be in charge of the members of the Senior Pilgrim Fellowship. The topic "Honor Thy Father and Mother."

The Study Group met this (Thursday) morning at the home of Mrs. Caroline Whipple.

Members of the Men's Club will meet Monday evening at the church at 8 p.m. They will have the regular house meeting and the election of officers.

The Salvation Army Doughnut drive will be Friday, June 13.

Wellens, Gunnard Erickson, Robert Backman, R. C. Floyd, Mrs. D. S. Boyer, E. M. Rundgren, D. B. Perry, Mrs. Gustav Fabry, Mr. and Mrs. Lawrence Johnson, Mr. and Mrs. Joe Nader, Sr.

Then—a boy tries to beat the first bell, and doesn't remember how he was taught to cross the street.

A little girl pushes her way out

of the yellow school bus and races toward her afternoon milk and cookies.

A gang of happy small fry let off

steam on the way home from school.

When children are playing on the

sidewalks or near the street, a driver must go slowly, extra slowly.

wind—is unpredictable. Sometimes the driver at the steering wheel forgets. His hands grip the circle of plastic, but his mind is miles away.

Only a driver with his mind on the job can save them.

Why does a driver have more than a wheel in his hands? Look at the children for a moment and you know why!

THEY'RE AMERICA'S MOST PRECIOUS ASSET!

All of the children at play—are YOUR children. Their fate is in your hands—when your hands are on the steering wheel of a car.

EDDIE the EDUCATOR

says

Through proper education our youth will develop the ideals which guarantee that the sacrifice of millions was not in vain.

Illinois Education Association

**THIS WEEK**
—In Washington
With Clinton Davidson**DOLLAR DIPLOMACY DEBACLE**

All over the world we are in trouble in our self-appointed role of the modern Good Samaritan.

We are in grave danger of losing the friends and allies we thought we had bought with more than a hundred billion dollars in foreign aid since the end of World War II.

A sizeable, vocal and violent minority in many parts of the world thoroughly distrust and dislike us. There is increasing evidence of anti-Americanism among the peoples of the so-called "friendly nations" of the Free World.

There is a growing feeling in many nations where we have spent most freely that we have baited a trap for them with our lavish dollar generosity; that we have lured them into an impending war with Russia and her allies.

Our motives are, to say the least, suspect. We have made no secret of the fact that the main reason for our global spending spree has been to build a defense against the spread of Communism.

A Pound Of Flesh
Recent saber-rattling by the Kremlin has led some people abroad to fear that the day may be fast approaching when we will demand our "pound of flesh"—their lives—in repayment of our generosity.

Their fear of Communism is exceeded only by their horror of world-wide atomic and hydrogen bomb war. They had rather live with Communism than not live at all. Many of them do not share our dedication to "give me liberty or give me death."

We know of no-one in this country who wants war with Russia. All of us would do anything we reasonably and honorably could to avoid a war that could again doom civilization to the "Dark Age." Yet, to many

We should continue our foreign aid program, but take the price-tag off it. We should quit trying to tell the people of other nations what kind of a government they should have, and how they should manage their affairs. We should begin to mind our own business and quit meddling in the affairs of others.

We should try to make friends rather than buy friendship. Our whole concept of foreign diplomacy may be about to undergo the most dramatic revision in more than 100 years.

Regular activities of Christian fellowship for different age and interest groups are an ongoing part of the church life. For information, please phone Antioch 772.

Mrs. B. Baker, son, Ted, and daughter, Judith, Pell Lake, called on Mr. and Mrs. Elmer Rasch Sunday.

Mr. and Mrs. Elmer Rasch and family spent Sunday evening with Mr. and Mrs. Walter Rasch, Slades Corners.

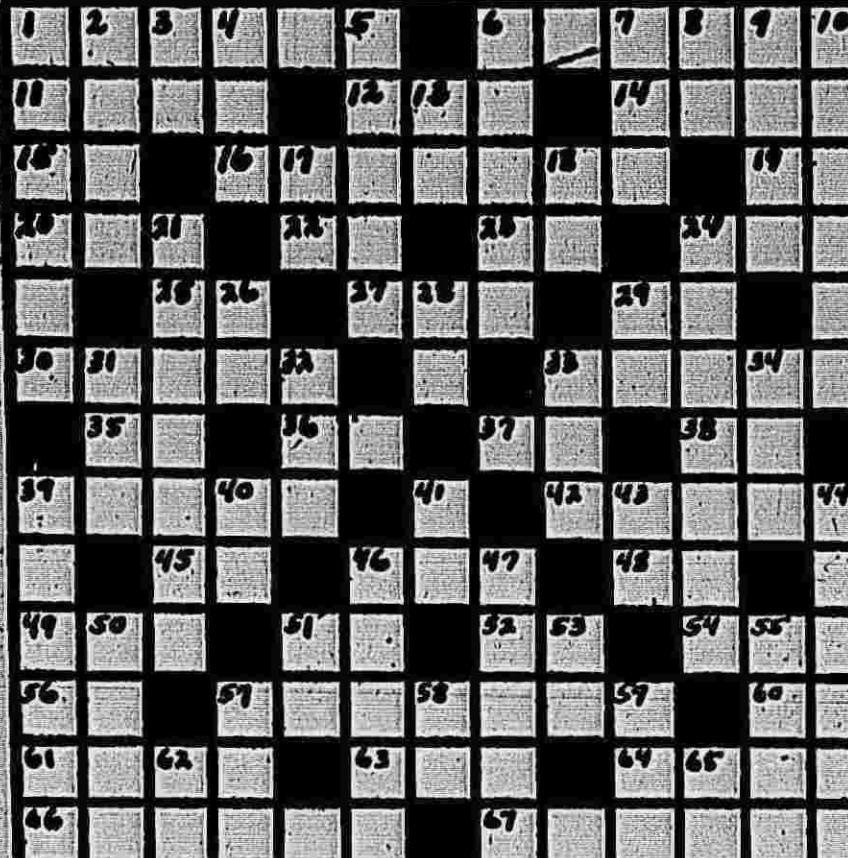

Nancy Bovee, Judy Rasch, Carol Albright and Donna Rae Tilton returned home Sunday from a ten day trip through Illinois, Indiana, Kentucky, Tennessee, Missouri, Oklahoma, Galveston, Texas, and Vidor, Texas. They spent three days with Mr. and Mrs. Daryl Tilton, at Vidor, Texas, and visited Judy Rasch's pen pal at Galveston, Texas. They also visited the Meramac Cave and attended the Ozark Jubilee in Missouri.

Mrs. Floyd Gyger, Sr., Mrs. Floyd Gyger, Jr., and family attended the birthday party of Sandra St. John at Kenosha, Sunday. There were 12 children present.

Mr. and Mrs. Floyd Gyger, Sr., and Leroy, Mr. and Mrs. Floyd Gyger, Jr., attended the funeral of Mrs. Floyd Gyger's father, Mr. Henry Cramer at Glenview, Ill.

Mrs. George Robinson, Mrs. Harold Leiting and family spent Saturday evening with Mr. and Mrs. Norman Rasch. Linda Rasch returned home after a few days with her aunt and grandparents at Pleasant Prairie.

Hook an old tire chain back of each packer wheer on your corn planter, then let it drag. This leaves the ground smooth and free of lumps, and leaves the surface somewhat mulched. It seems to protect against moisture loss from the surface in case the weather turns off a little dry for a while after planting.

Answer on page 14.

Children Apt to Be Careless About Traffic During Summer Vacation

With vacations from school beginning for youngsters, J. J. Cavanagh, president of the Chicago Motor club, urges motorists to observe extra precautions during the summer months.

Many children are well grounded in safety rules and will present no special problems to drivers. But there are also many whose judgment is not sufficiently developed to prevent them from taking unnecessary risks. These children will be chasing balls into the streets, riding bicycles between cars, and creating other safety hazards as they make the most of their freedom.

School safety patrols, which have safeguarded the pupils at intersections during school months, will not be on duty during the summer. The white-belted patrol boys and girls will not be on hand as a visible reminder to children that they should obey traffic safety rules.

Extra caution by motorists is a small price to pay for an enjoyable, accident-free vacation for the young stars.

Soybean acreage is hitting another record—24 million acres, compared with 21.8 million last year. U. S. D. A. says this indicates a 400-million-bushel crop, because of "averages." But experts think the crop will be closer to 500 million.

Wheat to Be Good Crop This Year

Northern Corn Belt areas which were beginning to need rain badly received heavy thunder showers supplying one to two inches on the Decoration Day weekend. These rains will bring up corn which had

large part of the year. A recent report shows that Georgia now has advanced in rank from 33rd to 13th in cattle and 13th to 10th in hogs. Georgia is also known as one of the leading broiler growing states.

More corn is being produced there

every year. Georgia in 1957 had a larger corn acreage than Michigan, Kansas or Pennsylvania and was only 20 per cent behind Missouri and Ohio.

From southwestern Minnesota

comes this comment: "It is amazing to see the empty fertilizer bags as one drives along the road. Farmers are accepting fertilizer as a necessary part of farming." An Iowa

comment is "Nitrogen being applied to keep up with the higher plant population in corn."

Lake Villa

Mrs. Fred Bartlett, Correspondent

Phone Elliot 6-4454

Mr. and Mrs. Ralph Abner entertained a number of friends and relatives last Sunday in honor of their son, Terry, who graduated from Lake Villa Grade school.

Mrs. Joe Drehbhol of Lake Bluff was honored by a stork shower at her home given by the following ladies: Mrs. Bernard Schneider, Mrs. Clifford Bartlett, Mrs. Fred Bartlett, Sr., all of Lake Villa, and Mrs. Raymond Bartlett of Waukegan.

Little Sandra Bartlett is a patient at Victory Memorial hospital.

Bruce Ladewig was ill at his home a few days last week.

Albert Kapple is a patient at the St. Therese hospital, in Waukegan.

Mrs. Loretta Lauers of Lake Villa, daughter of Mrs. Lillian Card, an employee of the Midwest Molding Co. of Gurnee has been seriously ill and is missed by her fellow employees.

Lottie Barnstable is recovering nicely at her home on Burnette Ave. after being a patient at the Condell hospital in Libertyville.

Mr. and Mrs. Carl Bruckner was a visitor at the home of Mrs. Tina Gerber Thursday.

Shirley Slazes, nurse at St. Therese hospital spent the weekend with her parents, Mr. and Mrs. Frank Slazes, Sr.

Mr. and Mrs. Frank Slazes, Sr., and family attended the wedding of Bruce Stahmer of Riverside, Chicago, Saturday. Bruce is the son of Mr. and Mrs. Fred Stahmer of Antioch.

Mr. and Mrs. Bernard Schneider and family were dinner guests at the home of Mr. and Mrs. Joe Drehbhol of Lake Bluff Saturday.

Don't forget the Salvation Army Doughnut Day Friday, June 13. Anyone wishing to donate a few hours can contact Mrs. Fred Bartlett at her home on Grand Ave., or call El. 6-4454.

Ann Nelson entertained a number of friends at her home on Grand Avenue for a friendly get-together. Those present were Mr. and Mrs. Jake Fish, Mr. and Mrs. William Fish, Mr. and Mrs. Clarence Blumenschein and Frank Cremin, all of Lake Villa, Edna Cable and Sheridan Burnette of Antioch and Mr. and Mrs. Herman Keisler of Twin Lakes, Wis. The party was sponsored by Frank Cremin.

Edna Cable of Antioch spent Sunday at the home of Mrs. Ann Nelson.

Janet Johnson, Ann Feinstein, Lynda Goldberg, and Helen Emerson of Lake Villa will do mending and sewing for a month at Mooseheart Home for children. They are all past senior regents of the lodge.

On Decoration day the White Shrine, Eastern Star of Marinette, Wis., held an hour of prayer for Mrs. Elinore Gragan, mother of Mrs. Helen Emerson of Lake Villa. The music was by Jack Grogan of Urtland, Oregon.

The following will do volunteer nursing at Downey on June 28: Ida Smallin, Sara Goldberg, Sasa Finkelstein and Helen Emerson of Lake Villa, also Mildred Berg.

Mrs. Fred Bartlett, Sr., visited her sister, Mrs. Mabel Nelson of North Chicago Wednesday.

Mr. and Mrs. Govekar of Waukegan are receiving congratulations on the arrival of a daughter born Friday, June 6 at St. Therese hospital. Mrs. Govekar was formerly Virginia Wilson of Lake Villa.

Mr. and Mrs. Arvin Rhodes of Streator, Ill., were guests Sunday at the home of Mr. and Mrs. Russell Wilson.

Royal Neighbors of Cedar Lake Camp 460 of Lake Villa are invited to attend the meeting of Waukegan Royal Neighbors on Thursday, June 19 at 8 p. m. at the Danish hall, in Waukegan.

Mrs. Stanley Hollis of Waukegan was a Lake Villa visitor Saturday.

Carla Bartlett is ill at her home on Grand Ave.

Let your corn mature for silage next fall. Research last winter showed that mature corn silage has more feed value and more energy value than immature corn silage.

If you want to sell — phone 43 or 44 and tell.

TAX FACTS

An agency authorized to hear the complaints of aggrieved taxpayers and adjust inequalities in assessments has existed continuously in Illinois since the advent of the general property tax in 1839. Today in all down state counties this reviewing process reposes in the board of review, made up of the chairman of the board of supervisors and two appointees of the county judge in township organization counties, and consisting of the three county commissioners in the 17 commission organization counties. St. Clair County operates under a special statute and has an elected board of review of three members, while in Cook County the reviewing board, called the board of appeals, consists of two elected members.

The year 1958 is important for both the taxpayer and the board of review, because this is a quadrennial assessment year in the 101 downstate counties. During the assessment period this year the local assessor or his deputy shall, according to statute, actually view and determine the value of every parcel of real estate. Publication of the assessor's list of valuations is required on or before July 10 in counties of less than 150,000 population, or by August 10 in counties over 150,000 population but less than 500,000.

Therefore, taxpayers should watch their local newspapers for not only the publication of real estate assessments, but for personal property

assessments as well. If a taxpayer feels that his assessment is out of line with comparable property, he can make complaint to the board of review.

Complaints must be filed in writing on forms provided by the board of review by August 1 in counties of less than 150,000 population, and by September 1 in counties of 150,000 or more but less than 500,000 inhabitants. Effective this year it is mandatory that boards of review equalize assessments within a county. But in exercising this duty, the board shall not in any one year increase or decrease the aggregate assessment of any district by more than 25 per cent of the equalized valuation of such district for the previous year.

Boards of review must meet by June 16 this year and adjourn as follows: On September 7 in counties of less than 50,000 inhabitants; on October 7 in counties of 50,000 to 75,000 inhabitants; on Nov. 7 in counties of 75,000 to 100,000 population; and on December 7 in all other counties. However the adjournment dates have been interpreted by the Illinois Supreme Court as directory and not mandatory.

Mrs. John Selzer - Correspondent
Telephone Elliott 6-1172

Mr. and Mrs. Gustav Fabry held open house on Memorial Day in honor of their son, Philip's confirmation in St. Paul's Lutheran church in Waukegan, May 25, and his graduation from Lake Villa School on June 1st. Also the graduation of their elder son, Fred, from Antioch High School on May 29. The senior Fabrys topped the festivities by celebrating their 20th wedding anniversary on June 4.

Sunday visitors in the home of Mr. and Mrs. John Selzer were Mr. and Mrs. Henry Schwall of Des Plaines.

The executive boards of the Lindenhurst Men's club and the Ladies' Auxiliary held a joint meeting at the club house on June 10.

The Lake Villa Veterans club is holding a round and square dance on June 21, featuring the Kentucky Kavaliers. Time 9 to ?. Come one, come all, and have a ball.

Mr. J. Henry Johnson, of Muncie, Kansas, will be staying in the home of his parents, Mr. and Mrs. Frank Simecek, for the next six weeks while he completes an assignment in Franklin Park, Ill.

Get well wishes are extended to Frank Simecek who has been laid up in his home this past week with a back injury suffered at his work.

The mothers' auxiliary to Boy Scout troop 84 held the last meeting of this season in the home of Mrs. Betty Hansen on June 5. A regular business meeting was conducted by the president, Mrs. June Schneider. The first meeting of the new season will be held in the home of Mrs. Ann Hansen on the first Thursday in September.

Mr. and Mrs. Lowell Graves were visitors in the home of Mr. and Mrs. Arthur Kimberly of Round Lake on Saturday evening. The Graves helped the Kimbellers celebrate their seventh wedding anniversary.

Mr. and Mrs. Tom Petrolis and children of Chicago were Sunday visitors in the home of Mr. and Mrs. Dominic Guido.

Dominic Guido was released from St. Therese hospital this past Monday. He is now recuperating in his home. Good wishes for a speedy recovery from your injuries, Mickey.

Terry Walsh is visiting in the home of her aunt and uncle, Mr. and Mrs. Tom Palma, of Roselle, Ill.

Sunday visitors in the John Walsh home were Mr. and Mrs. Edward Palma of Benton Harbor, Mich.

U. of I. Food Report

Chicago Retail Food Markets
June 9-14

CHICAGO—Meat values in area food stores continue to be manufactured by aggressive merchandising rather than any significant downturn in costs.

The problem is a relatively static meat market that for some time has registered little changed situations. Better consumer values continue to be beef and pork roasts, lamb leg roasts, and fryers. For all practical purposes, no changes can be measured at the family budget level. However, seasonal trends of increased livestock receipts are noted, tending to soften wholesale prices. Some downward pricing for better fed, heavier cattle and hogs can gain momentum during the next six weeks as impact of increased arrivals is felt ultimately at retail. Then prices probably will hold generally steady at the lower levels for the balance of the summer.

Some stores probably will take a feature flyer on roasts as a Father's Day promotion to bolster a waning market that sees more cookout attention being given to steaks, chops, hamburger and spare ribs. Prices for these items are not particularly modest in any sense of the value rule.

Real news in foods the week ending June 14 are seasonally and productively more abundant produce and dairy lines. The dairy industry is taking the traditional month of June to offer abundant, low-priced, high-quality values, notably in cheese, butter and eggs. Consumers can hardly go wrong by becoming vegetarians to save money and enjoy greater food value. Cucumbers are about the only produce item registering price increases this week.

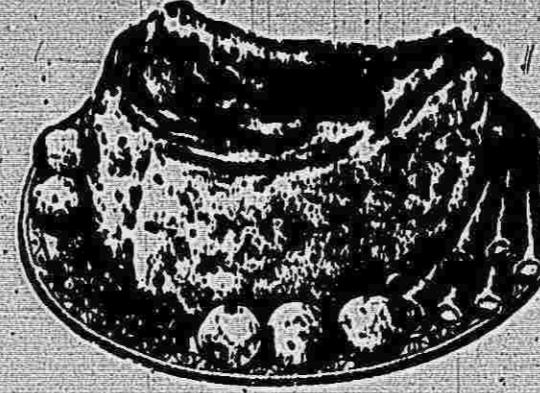

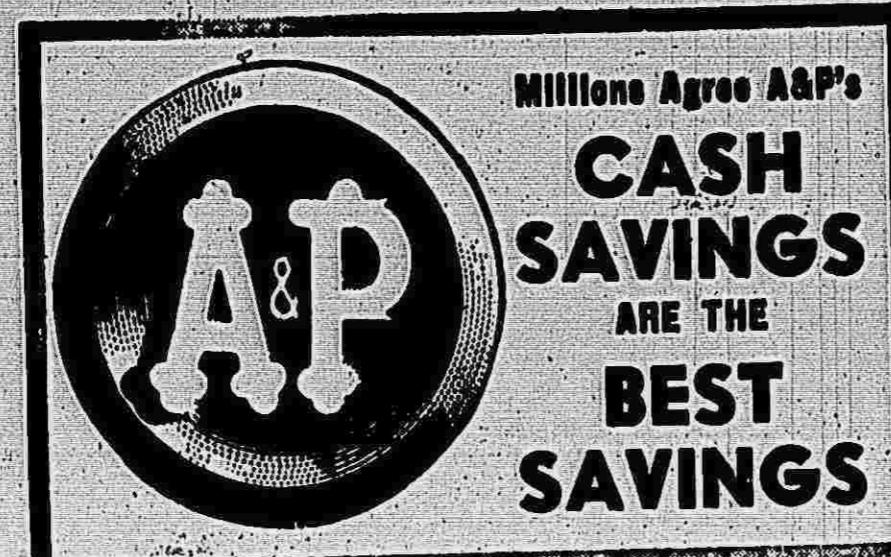

Groceries, to complete the general market summary, are steady except orange concentrate, due to go up again in cost. Cooking fats and oils reflect merchandising cost concessions.

These market reflections are based on the weekly University of Illinois consumer service survey. It notes store sales and consumer food demands also are generally steady, if not slightly higher, during this current business cycle.

Farmers have pulled out of their recession," reported here months ago, and just now being recognized in various business paper circles. About the only measurable effects of recession is increased demand for cheaper cuts of meat, for instance, which no longer are cheap. Hamburger and spare ribs, bellwethers of the economy minded, hit 59-63c retail levels. Significantly, there hasn't been that much warm weather this season to chalk this up entirely to backyard grilling.
